TIME

STEVEN MOTT

Stephen,

Well its all over with "I mean
for you." I'm glad we became friends.
We had some differences but we
got over them! But we sure did have
some FUN times. I hope you have
fun in College and I hope everything
works out for you!

Love Ya!
Danielle

Stephen,

You're a really
BORBONS guy and
I'm glad we got to
meet each other and
be good friends this
year. I wish you the
best of luck in every-
thing you do. I'm going
to miss you (and your
cracks). I hope you come
a see me sometime soon.

Love,
Jamie

Nothing lasts forever ... but perhaps the one thing that comes closest is a memory. Our lives are built around memories - those special times in our lives that we remember with pride, joy or perhaps sorrow.

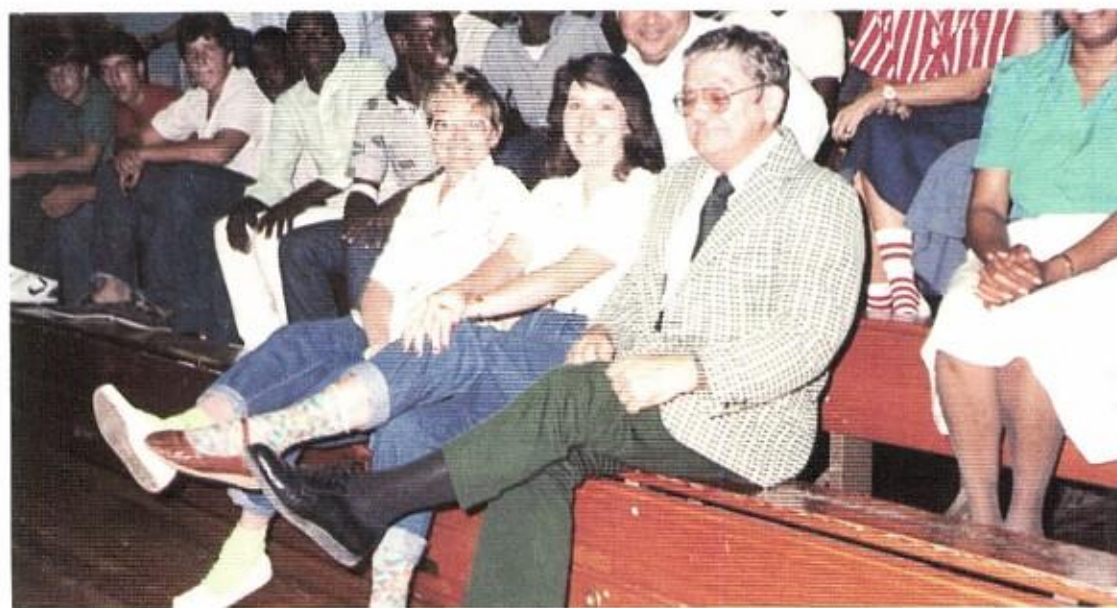

Just as words can be carved into marble, so memories can be etched in time. They're there for us to recall, to wonder over, to wish we could re-live.

BEARING THE BANNER before Friday night football games was a task that required much skill.

SATURDAY AFTERNOON FUN included a day in the park for German foreign exchange student Christian Dohr.

KEEPING THE BEAT at a WHS pep rally was fun for drum line member Ray Anderson.

SHOWING THEIR SOCKS and their school spirit on "Sock Day" were Mrs. Darlene Lawson, Mrs. Terry Pierce and Mr. Benton Cain.

LOCKER FALL-OUT was a problem experienced by most students at some time during the school year, as Sandra Lovell can verify.

ENJOYING PEP RALLIES was easy for band members who had lots of school spirit.

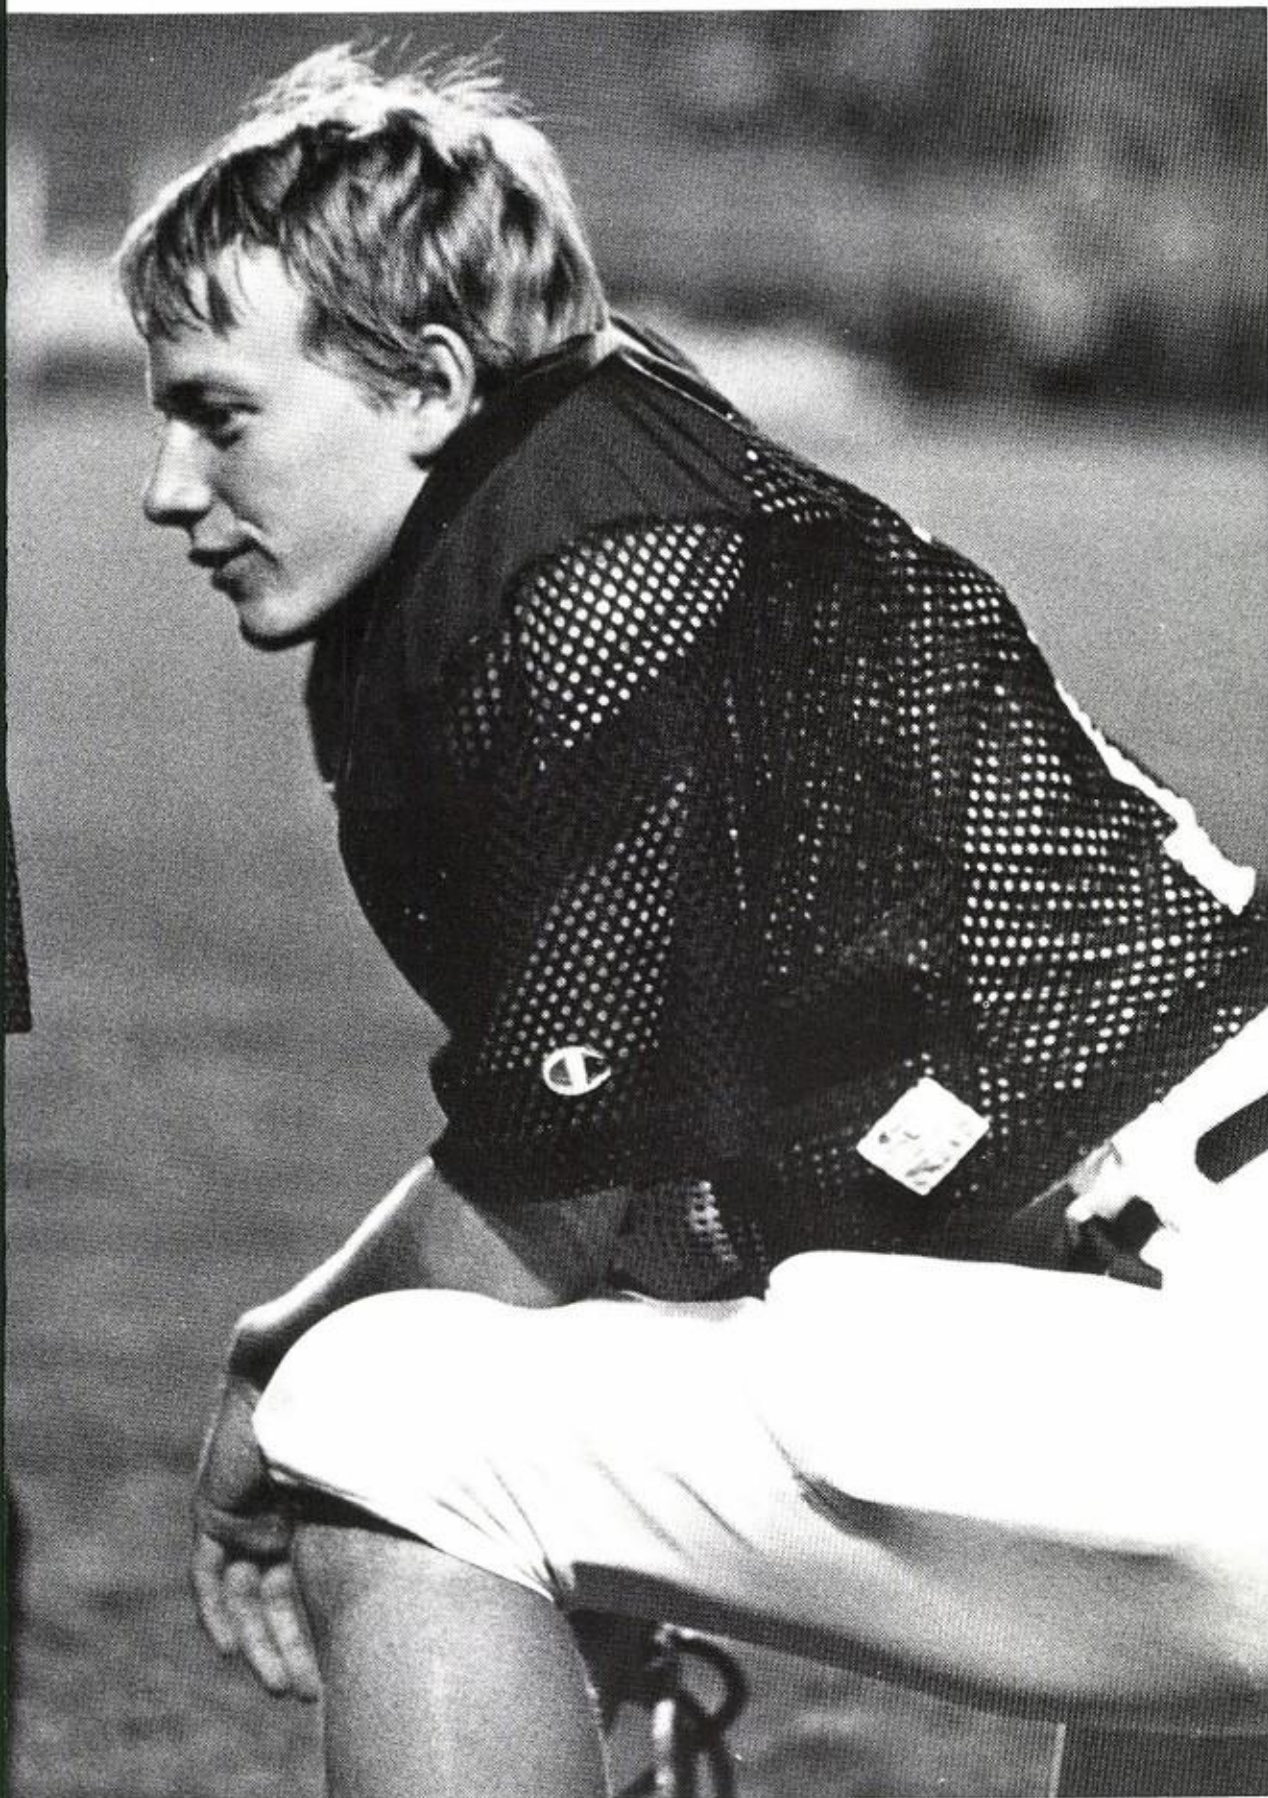

During our years at WHS we experience almost all things to the fullest. Be it our first date or our first C on a report card, it's all a part of being students. Life would not be normal if a little pain and joy were not experienced at times.

We start as freshmen, new and unknown at the high school. Then we move up and become sophomores, never quite finding a place to fit in.

LEADERS OF SPIRIT, mascots Ricky Solis and Tracy Sullivan concentrate on a football game.

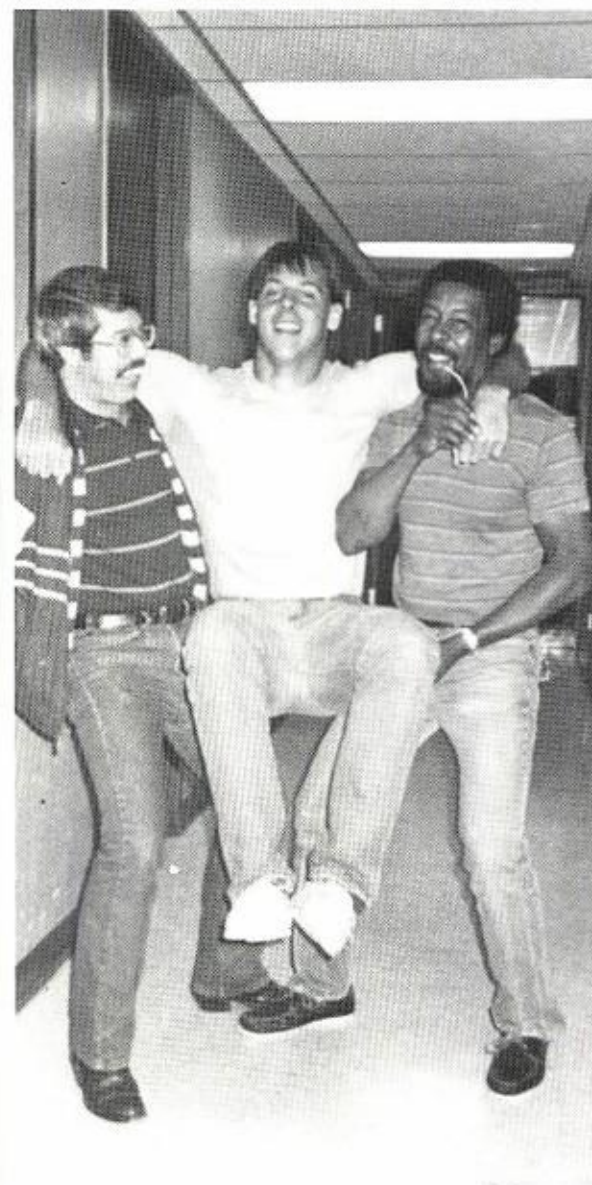

SMILES ARE CONTAGIOUS with these four lower-classmen while having a good time in lunch.

TAKING A BREAK, sophomore Greg Reed contemplates the outcome of the game.

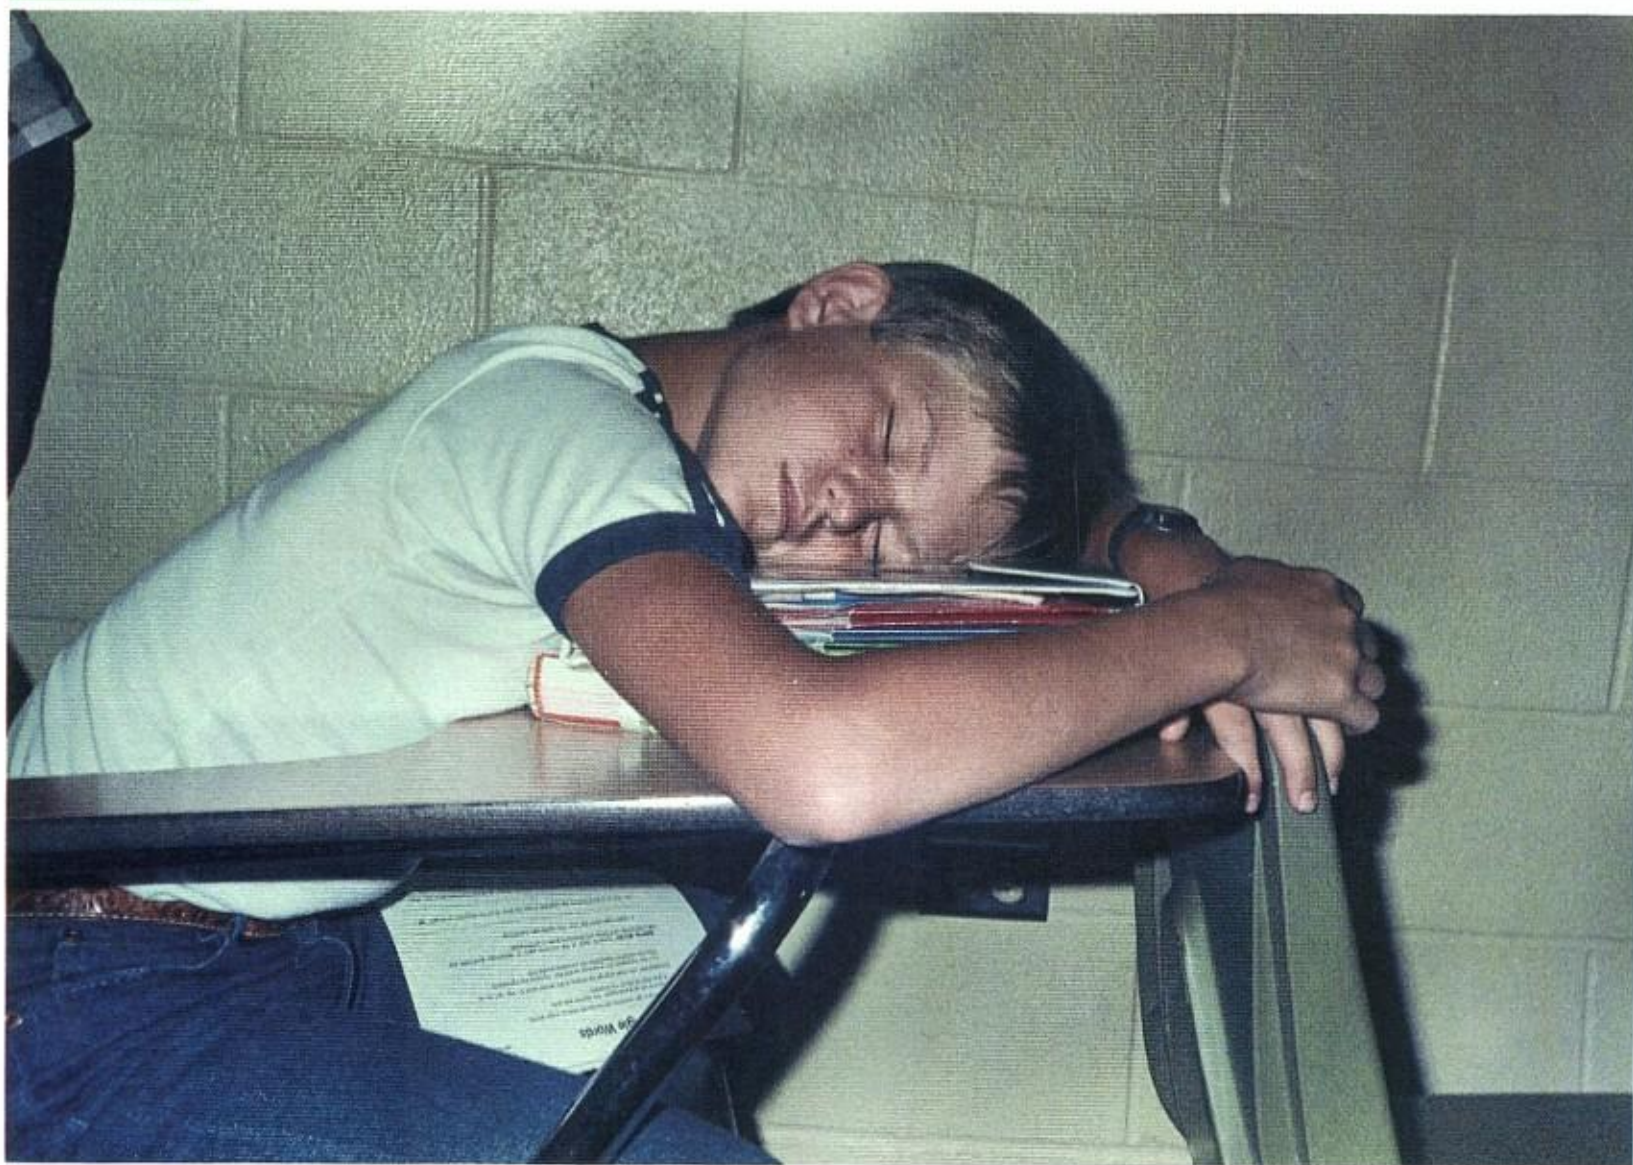

WAXAHACHIE'S THREE STOOGES, Mr. Doug Keese, Greg Centilli and Mr. Isaiah Moreland, clown around together in the hall.

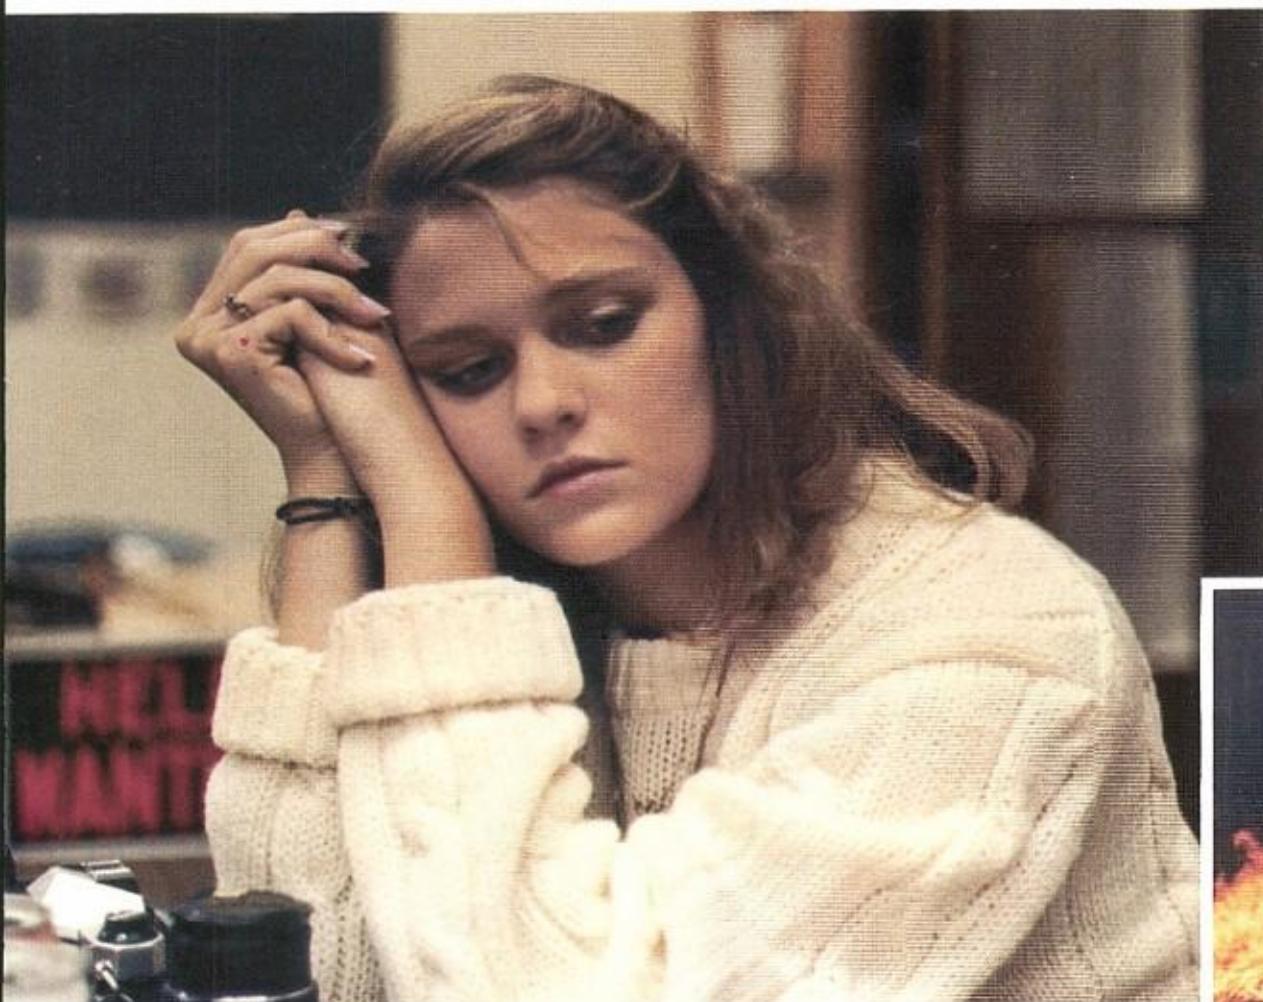

STANDING AT ATTENTION, members of the Big Green Indian Band prepare for half-time entertainment.

By the time we become juniors, we can't believe we have come this far, yet graduation seems ages away. As seniors, the thought of life after high school becomes a reality. Under the smiles and laughter, serious thoughts run through anxious minds.

LISTENING TO FRIENDS boost spirit, senior football players psych up for a game.

SLEEPING IN CLASS was inevitable for Michael McMillan, freshman, after a night spent studying for a test.

LOST IN THOUGHT, junior Toni Smith reflects on the day's events.

AN EXHAUSTING DAY was a good excuse for Mrs. Eliane Burkhart, French teacher, to "hitch" a ride from Mr. Ron Appleton, assistant principal.

THOUGH CLOWNING AROUND at the bonfire, seniors Gaye Shelkofsky and Dana Cox felt school spirit was a serious business.

LABS DURING CHEMISTRY captured the attention of juniors Angee Ford, Kevin Mundy, Jill Martin and Michele Morgan.

Highschool is a time for laughter, tears and even anger. But it only comes by once, so we must strive for our personal best and have fun at the same time.

Each of us will leave WHS with different memories, but we can be certain that these wonderful moments will be there for us to recall.

PLEASING THE CROWD, the Cherokee Charmers give another outstanding performance.

SHOWING SCHOOL SPIRIT with painted faces, sophomores Anique Kinchen and Tammy Posey, make their way toward a Friday pep rally.

ENDING THE ROUTINE, Krista Sharp, junior, shows satisfaction with a smile.

GIVING FAIR NOTICE, Davis Horan, junior, says, "Don't mess with the Indians!"

LINK-UP DAY was a mixture of purpose and pleasure for members of Future Homemakers of America.

REFLECTING A MOOD of thoughtfulness, junior Christi Jenkins walks to class.

Nickols

Exemplifies Versatility

Coach John Nickols is a man for all seasons. He is an outstanding coach and teacher who always shows genuine concern for both his students and his players.

He is an American history teacher who teaches his students with enthusiasm. He is able to interest them with anecdotes and make them willing to learn about their country's history.

"I've always hated history until this year with Coach Nickols. He has a knack for teaching and keeping my interest," said Julie Bumpass, junior.

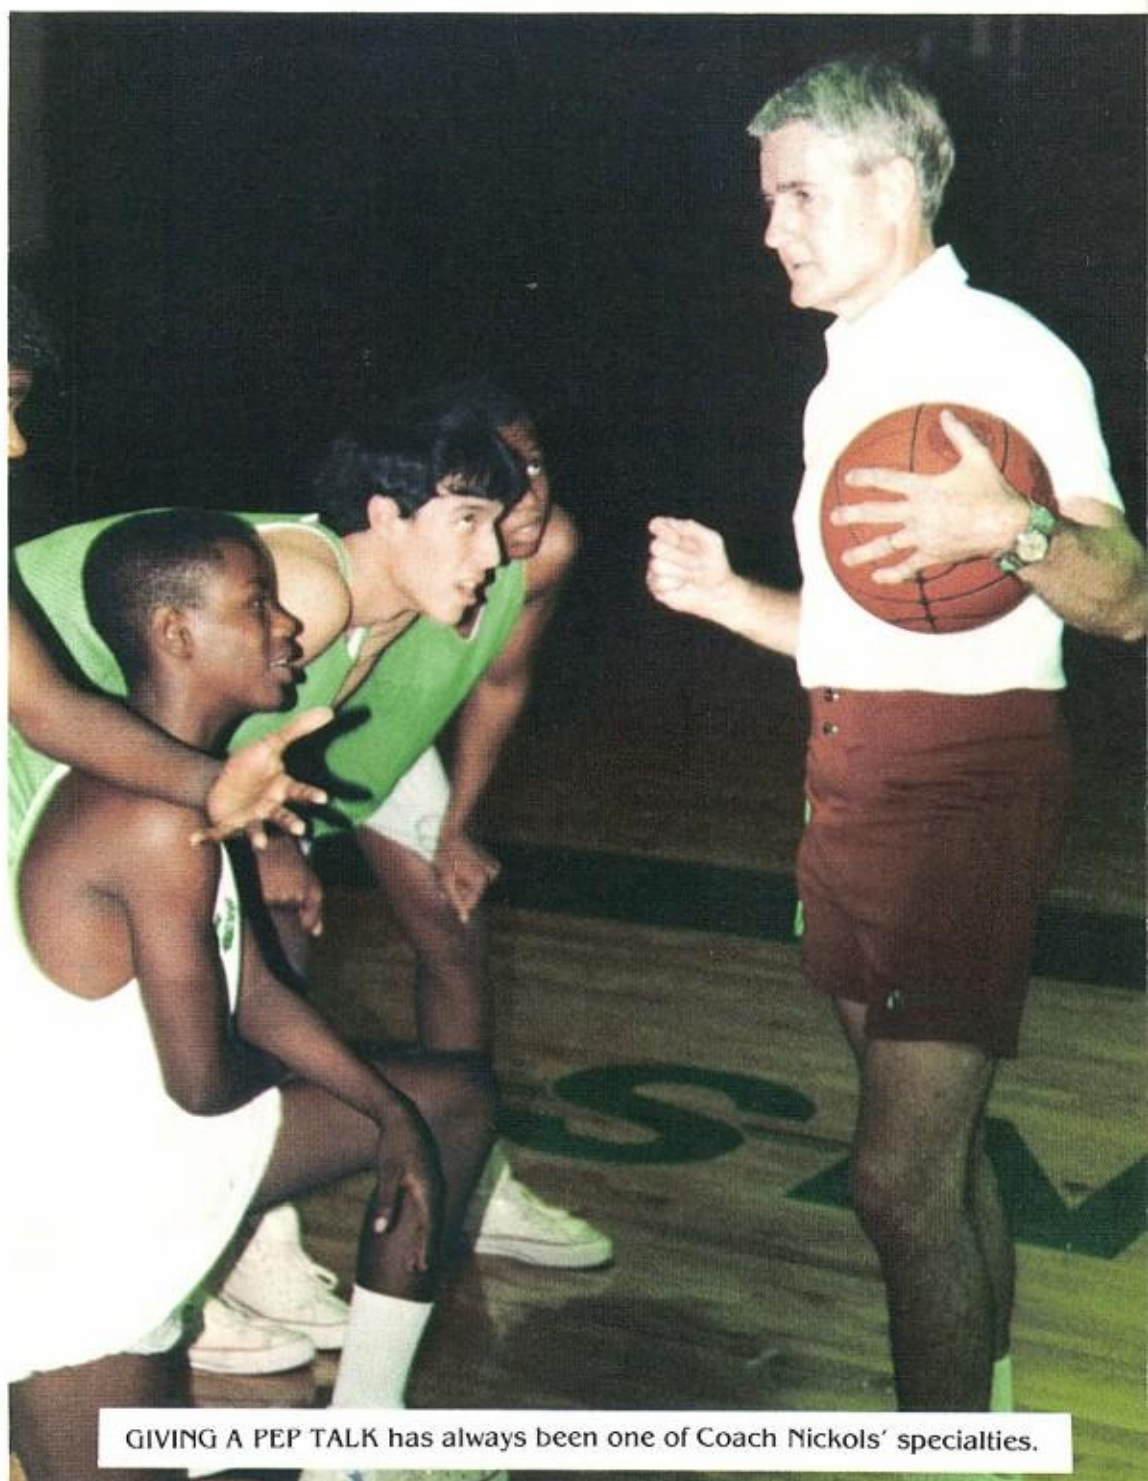

In addition to teaching, Mr. Nickols is also the head coach of the varsity basketball team. He spends much of his time in the gym. In 1983, his first year as head coach, his team won State. They have continued to do well since.

"He gives me the motivation to work hard on the court," said Darren Stern, a member of the basketball team. All of the students who have worked under him had only praise for his teaching and coaching abilities.

Coach Nickols is a man of many talents. In addition to coaching and teaching, he is also an accomplished musician. He has been playing the guitar and writing songs for several years. Although he considers singing a hobby and teaching his career, Coach Nickols has held other jobs. Perhaps his lack of discipline problems stems from his four years experience as an FBI investigator.

Enthusiastic coach, inspiring teacher, talented musician—all of these traits add up to make the man the 1986-87 Chief staff has chosen for their dedication. Congratulations Coach John Nickols!

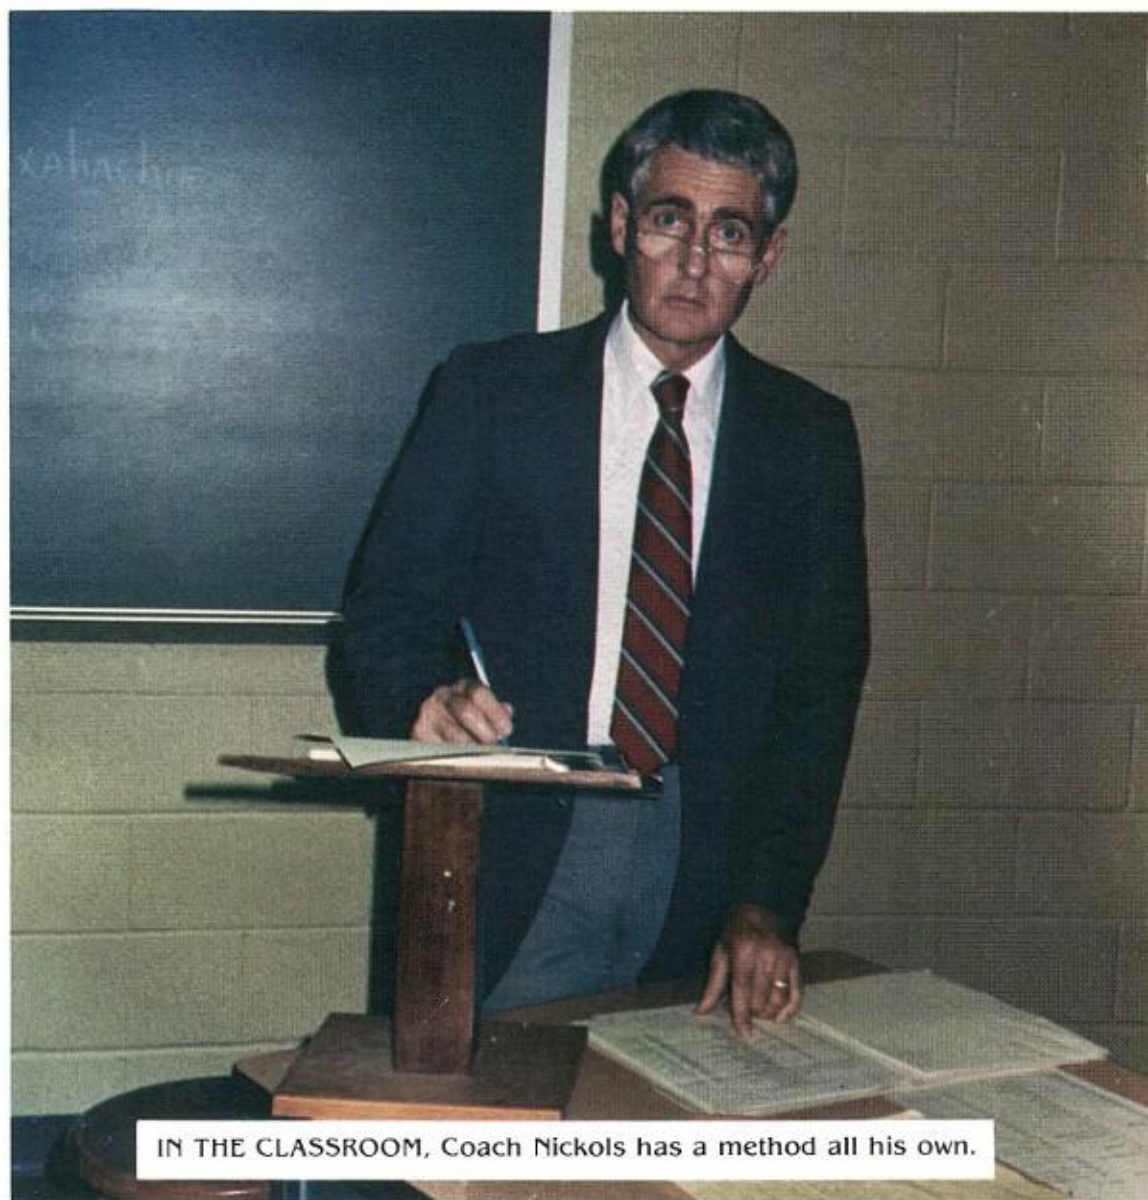

- Charla Carlat —

GIVING A PEP TALK has always been one of Coach Nickols' specialties.

LISTENING TO MOLLY is one of the things Coach Nickols takes time out for during practice.

IN THE CLASSROOM, Coach Nickols has a method all his own.

Flower

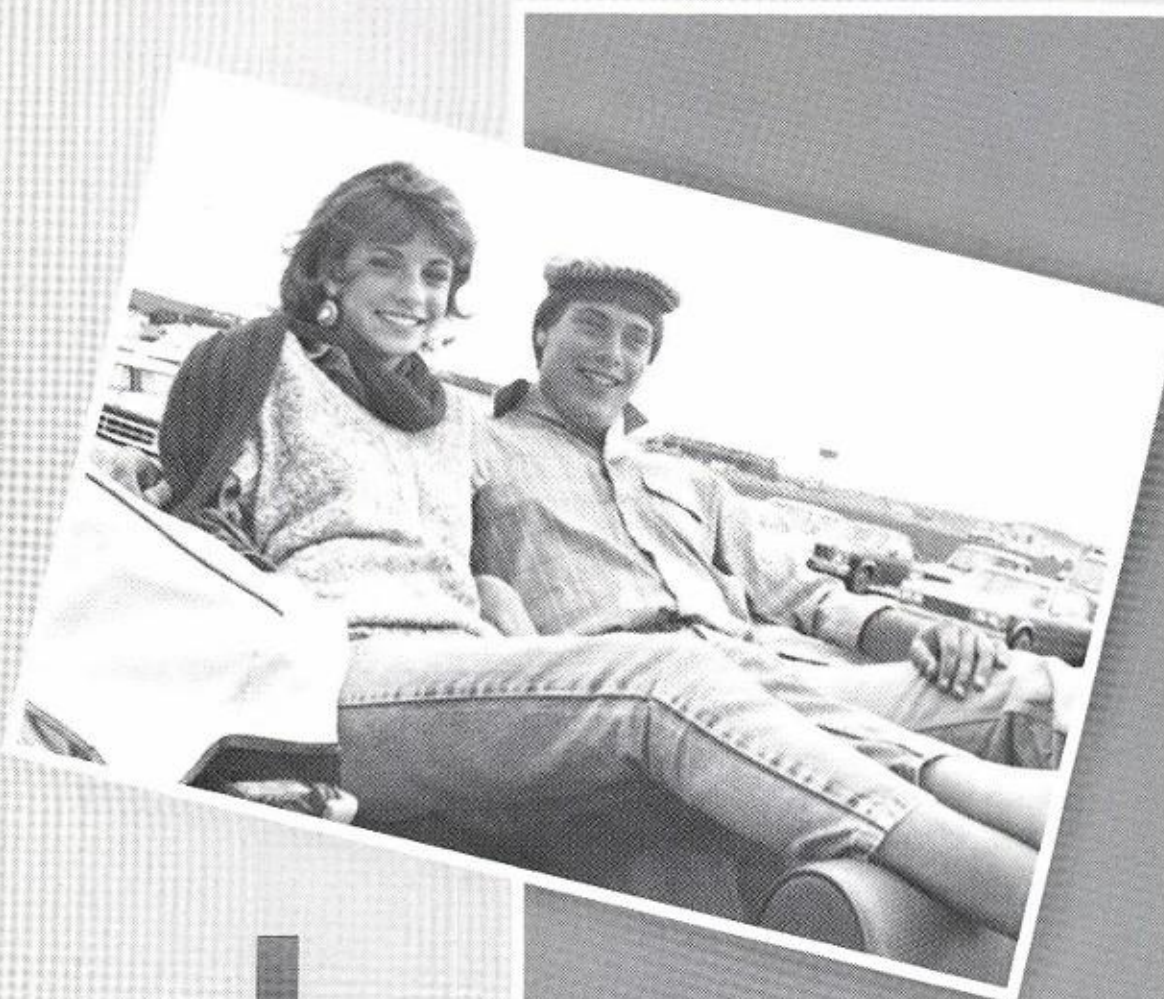

The Forget-Me-Not is a symbol of friendship and true love. In German legend, "forget me not" were the last words a lover spoke before he drowned trying to get the flower for his sweetheart. Another legend tells that all the plants and animals shrank away from Adam and Eve when they were expelled from the Garden of Eden, except for the one tiny blue flower with the yellow center that said, "Forget me not!"

School Song

Waxahachie Hail To Thee
We'll Ever Loyal Be
As We Loud Thy Praises Tell
Noble School We Love So
Well
Green and White Our Banners
Fly
Raise Them Proudly To The
Sky
Glorious Memories Never Die
Hail To Thee, Hail To Thee,
Hail To Thee,
Waxahachie High

Class Motto

School Days

As we reach out our hand
The diploma we grasp,
While we think of the memories
Of the years past.
Tears fill our eyes.
Because it's all gone.
We're starting a new life
We have to move on.
We hope friends will keep in touch
As the years pass us by,
Although it hurts inside
We'll try not to cry.
We think of kindergarten
And our first day,
Now we've reached the bend
We are going away.
How do you say good-bye
To friends who mean so much? Will
there be time
To sincerely keep in touch?
You'll always have the memories
Of your school years from day one,
Don't think of school as ending —
Think a new life has begun!

Do You Kiss On First Dates?

Juniors have different ideas about kissing on the first date. Some say you should because it's fun; others say you shouldn't because it may not start off a good relationship.

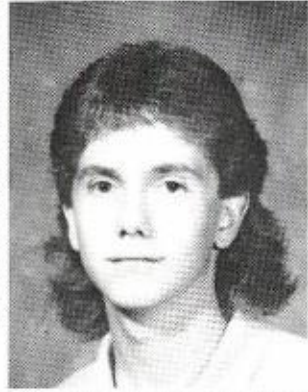

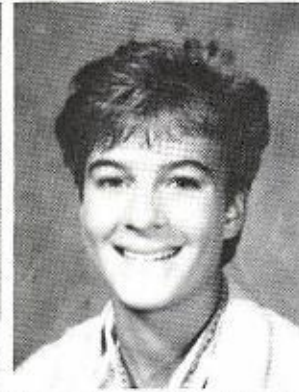

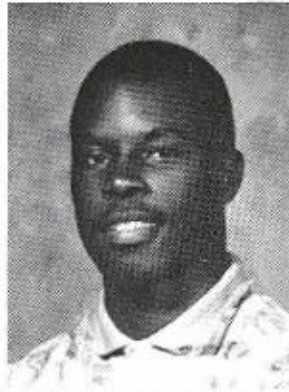

"It depends on the person that you are going out with. How you feel about them makes all the difference in the world," said Krista Sharp.

What Is Your Perfect Date?

A perfect date could be a costume party, a candle-lit dinner, or just talking and spending an evening with someone you really care about.

Leighton Ansley's idea of a perfect date is, of course... "A perfect time, on a perfect night, with the perfect person."

Where Do You Go For Dates?

Teenagers have favorite places to go on dates. Some feel to have a fun date you have to go somewhere neat. Others feel that a quiet time together is just as much fun.

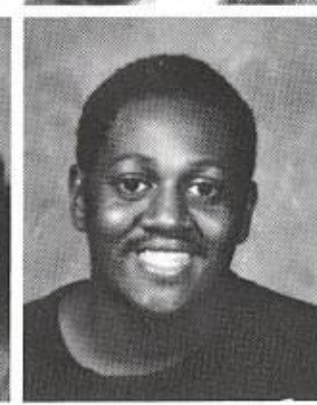

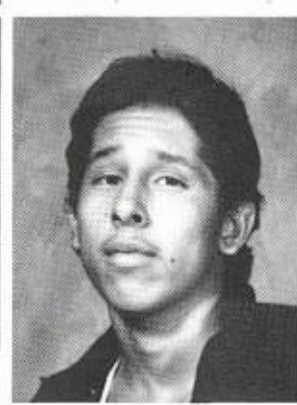

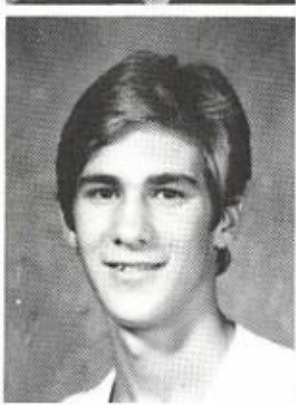

Stephen Young enjoys doing both things. "We eat at a nice restaurant and then go to either my house or her house to watch TV or just talk for awhile."

How Do You Have Fun?

Some people have fun at a Sunday picnic, others prefer the zoo. Sometimes people just like to stay home. Leslie Clymore said she has fun on dates that are full of surprises.

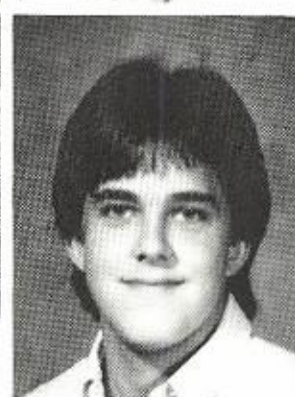

Once my date and I went to see a Ranger game, but it had already been played. We had a good time anyway," said Leslie.

Sophomores Look Forward

We've all survived our sophomore year and are looking forward to taking our places as upper classmen next year. We have completed the second stage of high school life. Decisions that are made now will affect our achievements for the next two years at WHS. The end is finally in sight.

The freshmen started this year with the largest enrollment of all the classes. Each year the classes get bigger, bringing more bright, smiling, and confused freshmen to the halls of WHS. As they progressed through their first year of school, they learned to find their way around, sing the school song, and represent their school with pride.

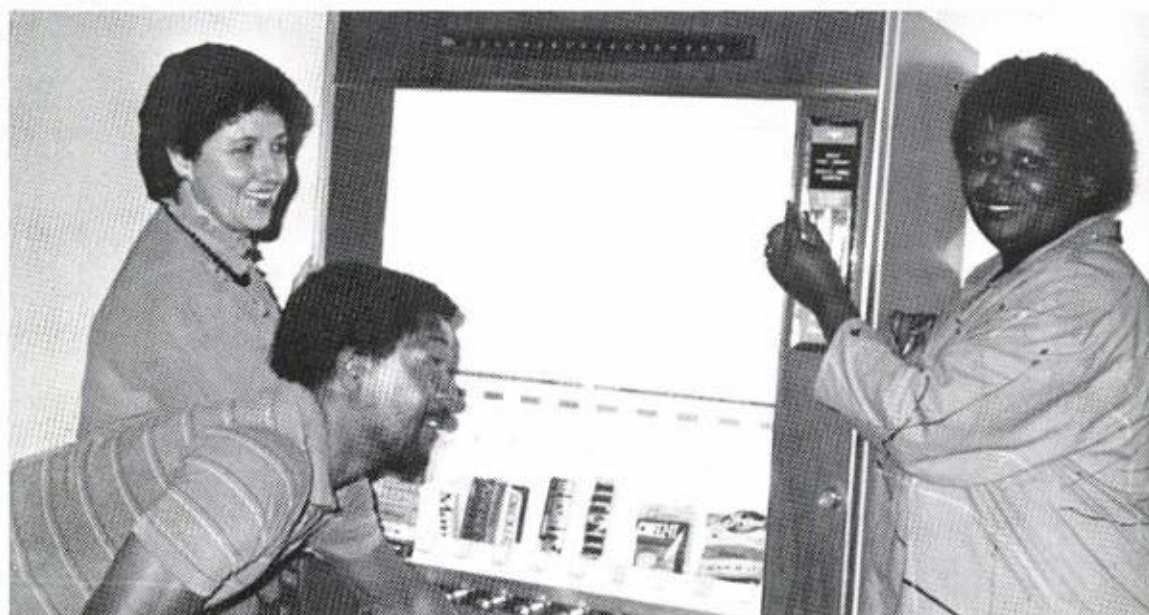

The freshmen this year brought with them new ideas, and good times. These people played major roles in shaping a great student body. These freshmen are the leaders of tomorrow.

Administration

This year the administration, led by Superintendent Dr. Bob Browning and Assistant Superintendents, Mr. Max Simpson and Mr. J.D. Centilli, put much time into making this year the best. They sacrificed many hours in work and study sessions finding ways to improve our school system. Through these sessions they accepted a bill to build two elementary schools. They passed policies concerning the new teacher appraisal system and set up training shops for school board members. They also adopted an operational budget and set tax rates. All in all, their efforts helped make WISD tops in the area.

The Chiefs Of WHS

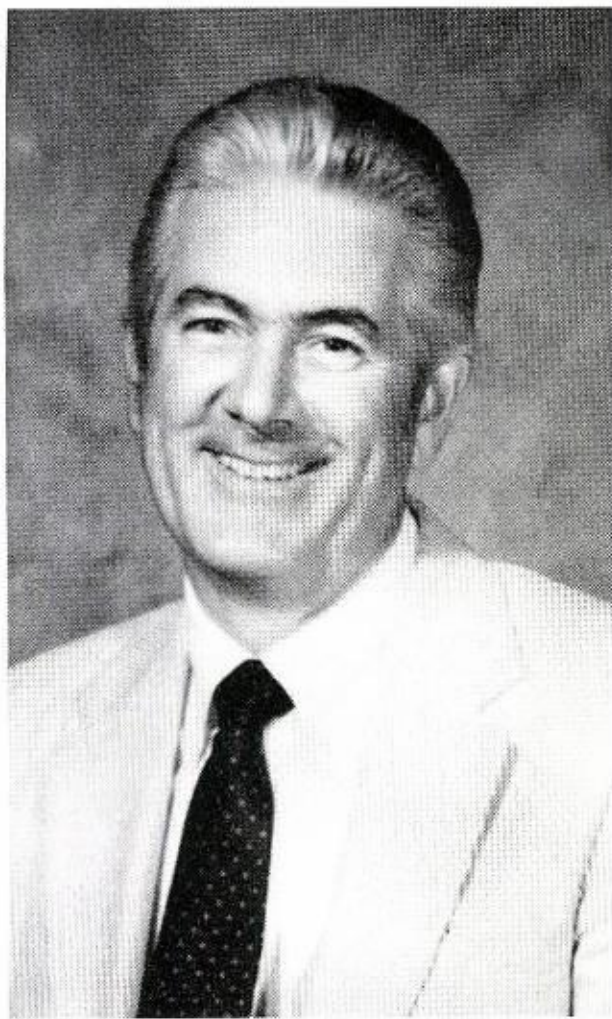

This year the faculty was headed by new principal Mr. Mike Turner, working with assistant principals, Mr. Ron Appleton and Mr. Bill Travis. With these men in leadership of our school, things went very smoothly. As Mr. Appleton said, "With a job like mine, there is never a dull moment." They worked non-stop on keeping discipline in the halls, monitoring the lunch hour and keeping the school in good shape. More importantly they found time to speak and encourage students on a one-to-one basis. They did a great job in fulfilling each of their responsibilities.

Students Make Memories For Teachers

Kathryn Aday

\\ One day during Chemistry my class wasn't paying much attention and I noticed a note being passed around. I proceeded to pick up the note and correct their behavior. After doing so, I found the note was a Valentine's Day card for me! //

Mark Box

\\ I had taken a boy and a girl into the hall to administer corporal punishment for a violation of the rules. The boy was being such a gentleman by letting me swat him first. When I hit the boy the girl started crying. I never gave the girl a swat! //

Cindy Eschenburg

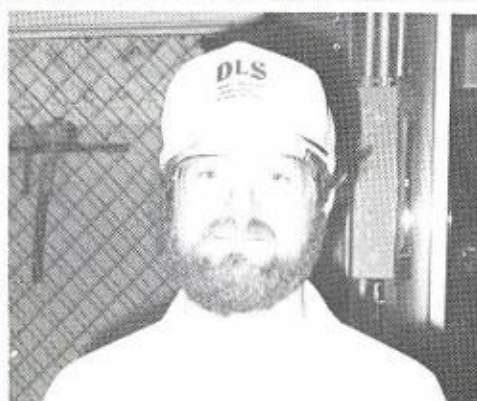

\\ It was my first year to teach. I had a difficult student in one of my classes. After many battles I gained a one-on-one relationship with him. I had to leave after one year, but he brought me a dozen roses and with tears in his eyes said, "Thanks! Because of you I can make it through life." This made me realize teaching was for me. //

Tommy Simpson

\\ When I was teaching English I took my class along with Mrs. Cain's classes to the public theatre to see the "new" *Romeo and Juliet*. I will never forget that experience with the cameraman that day. Although it is funny now, it was quite embarrassing at the time. //

David Simmons

\\ The Building Trades class was roofing a house one day when it began to rain. As a joke, one of the boys nailed another boy's shoes, with feet in them, to the roof. All the boys went to get into the truck. They left the boy stuck to the roof screaming and laughing helplessly! //

Our Foundation Builders

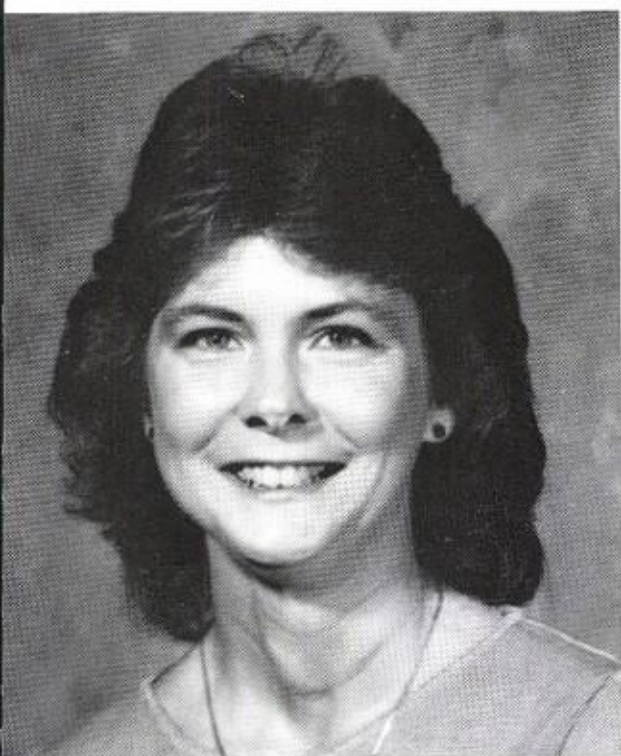

What makes a good teacher? A teacher must have knowledge of their subjects in order to teach their students what they know. They must have the patience to stick by their students until they understand. They must have a desire to teach and they must pass the TECAT!

These qualifications are present in all of the WHS faculty this year. Each of the teachers have special qualifications in areas ranging from English and Math to Auto Body and Homemaking. In each department we have teachers not only working for our education, but also for our personal well-being. Each teacher helps a student lay the foundation from which they will build their lives. Only good teachers can help students build a good foundation. - Niki Morgan -

Behind The Scenes

Thanks to the hard work and dedication of the custodians and cafeteria staff, WHS stays in great shape. It takes much time and effort to cook and clean up after all of the students and faculty at WHS. Their caring shows in the fine

work they do, helping to make WHS a school of which to be proud. These people working behind the scenes do not always get the credit they deserve, but their efforts are appreciated.

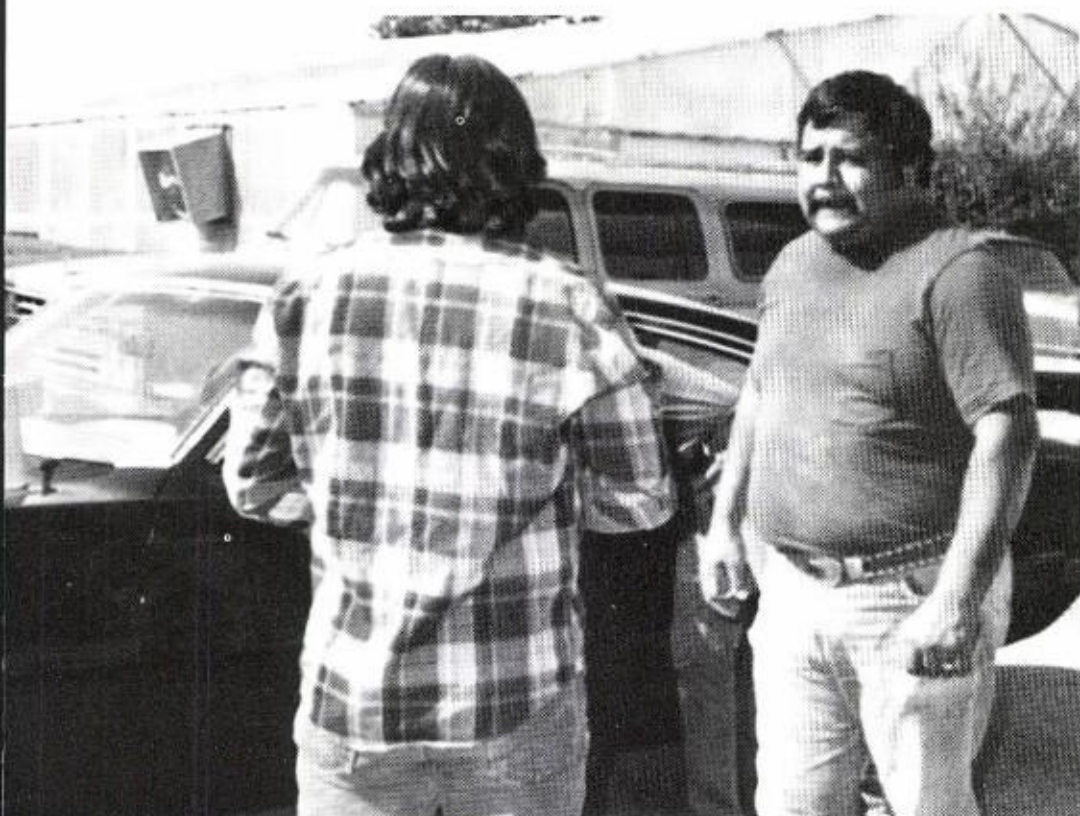

"TEACHER OF THE YEAR" awards were presented to Mr. Billy Hancock, government teacher, for his contributions to the teaching profession for the past 27 years. He was awarded the Waxahachie High School Teacher of the Year award. For her 25 years of teaching, Mrs. Wanda Cain, English teacher, was given the Waxahachie Independent School District Teacher of the Year award. Both were nominated by their peers and presented with plaques.

RETURNING VIDEO EQUIPMENT to the library was just part of a day's work for teachers, as Mr. Glen Tolar, junior English teacher, could verify.

DURING CHEMISTRY CLASS, Mrs. Kathryn Aday assisted Jana Bridges and Lisa Schaffer as they performed a lab.

AUTO BODY TEACHER Mr. Richard Segura advised some of his students on the proper methods of keeping a car in good condition.

Homecoming '86

The last week of October was filled with Homecoming activities. They started Wednesday night with a bonfire at Lakeridge. A highlight of the bonfire was mascot Ricky Solis floating in a canoe, carrying a torch to light the fire. Everyone came to show their spirit and cheer on the football players for their Friday game against Wilmer Hutchins.

Friday afternoon, students left school early to watch the parade. Combined with a beautiful day, the band, cheerleaders, drill team, organizations, and many others pulled together to make the parade a success. Many clubs prepared award-winning floats.

Following the parade, students gathered at Singleton Plaza for a mini-pep rally. The highlight of Friday was the crowning of the queen at pre-game ceremonies. Carla Winninham was chosen from nine other senior nominees. Although the football team lost, their determination made the loss bearable. The "Harvest Moon Ball" dance, held in the cafeteria following the game, culminated the week's activities.

LOOKING SEPARATE WAYS, Tracy Sullivan, Traci Cantu, and Ricky Solis work together to prompt Homecoming spirit.

HAVING A BLAST, Andrea Ramsey displays her courageousness on a four-wheeler for the crowd at the Homecoming parade.

RIDING IN STYLE, Mrs. Lynn Stockman, junior class sponsor, takes juniors Charla Carlat, Kevin Mundy, and Macy Browning for a "cruise" in the parade.

WHS SCHOOL SPIRIT was enlivened by the cheerleaders at the bonfire.

Cream of the Crop

The National Honor Society is composed of a group of juniors and seniors who have achieved high honors throughout high school. This organization has been recognizing students for almost half a century. In order to be a candidate, juniors must maintain an average of 85 or above, while seniors must maintain an 88 or above average. The students who qualify are evaluated by their teachers and must meet national standards set by the organization. The Waxahachie chapter is sponsored by Mrs. Katherine Aday and Mrs. Dorothy Mullican.

PRESIDENT CORY SIX talks to Mrs. Katherine Aday about the results of the induction.

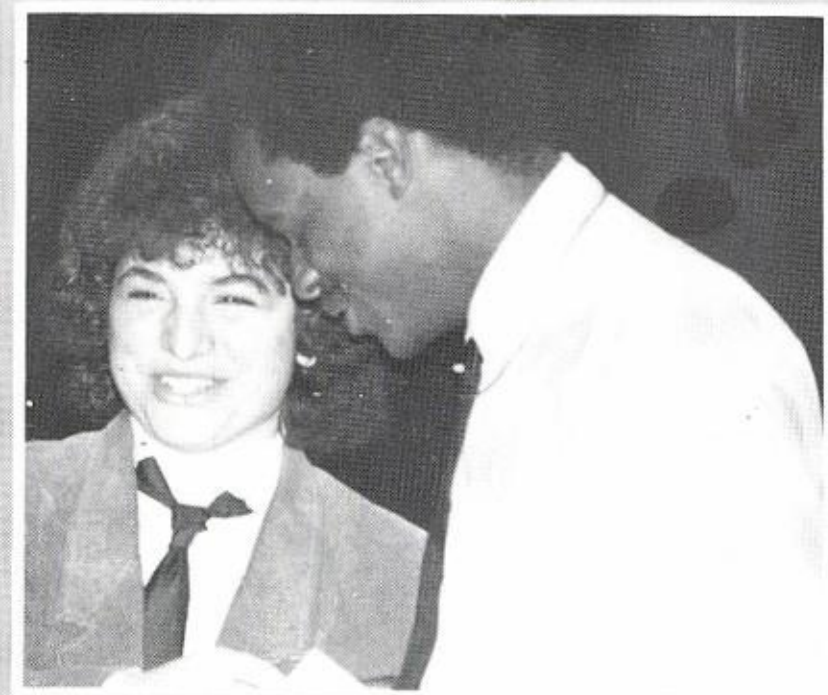

INDUCTEES- Bottom Row: Macy Browning, Lisa Schaefer, Jason Lonon, Teri Defoore, Ann Kurtz, Angie Alexander, Keith Remlinger, April Lane, Sharon Dayton, Kurt Spitzer, David McGuire; Second Row: Niki Morgan, Darla Pope, Tammy Montgomery, Kim McCully, Veronica Monreal, Gina Whitehead, Shari Bartel, Wendy Murray, Lisa Allen, Dawn Jones, Ed Harding; Third Row: Amy Banks, Angee Ford, Karen Praslicka, Jacques Brown, Jennifer Thomas, Johnna McCutchen, Tammy Clark, Heather Thompson, Tracy Adkins, Diane Volentine, Dale Wagner; Fourth Row: Heather Giles, Suzanne Todd, Troy Bell, Jay Fudge, Laura Green, Shannon Johnson, Tina Heritage, Dawn Hargis, Todd Haney, Darron Edwards, Steven Mott; Top Row: Kathie Hines, Chris Kauffman, Phil Garvin, Angela Ramsey, Michele Morgan, Jill Martin, Leah Skipper, Cylinda Settlemyer, Jason Ranton, Beverly Everett, Steve Murphree. Not Pictured: Jana Bridges, Julie Bumpass, Joe Remus, Krista Sharp.

SENIOR MELINDA BRATCHER is all smiles as she inducts Karen Praslicka and Teri Defoore.

JUNIOR PHIL GARVIN bows his head as Cory Six inducts him into the honor society.

SENIOR DENISE GROVE was proud to tell Jacques Brown that he had been accepted to NHS.

Good study habits,

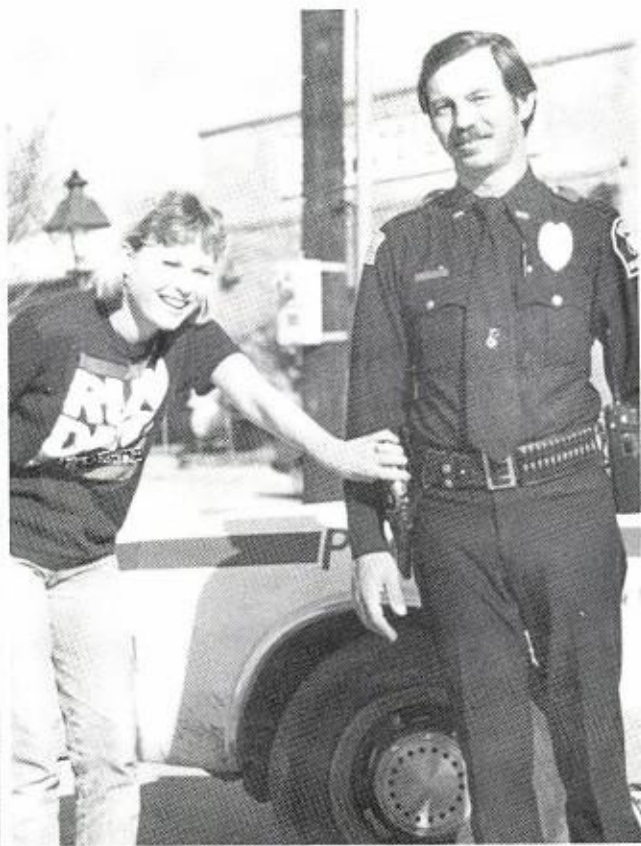

Cory Six plans to attend Austin College in Sherman, Southwestern University, or Trinity University. Cory's career interests are in the fields of applied mathematics or engineering. Cory is proud of having participated in extracurricular activities and especially having been a member of the 1985-1986 WHS varsity golf team which participated in the class AAAA state tournament.

Melinda Bratcher plans to attend Baylor University where her career interests lie in the medical or dental fields and perhaps working with children or the elderly. Throughout high school Melinda enjoyed going on out-of-town trips with the band and Academic Decathlon. Melinda has been most proud of keeping up her grades while participating in a variety of extracurricular activities.

Todd Campa plans to attend Texas A&M University or Austin College. Todd's career interests are in engineering or mathematics. While in high school, Todd valued playing in the 1985-86 state football playoffs and also having graduated in the top two percent of his class.

Laura Denning plans to attend the University of Texas at Austin where she is interested in business and law. Throughout high school, cheerleading and serving as co-captain of the cheerleading team her junior year was very important to her.

Brian Sargent plans to attend Austin College or Trinity University where his career interests are in communications or political science. Throughout high school, Brian enjoyed the weekends and holidays. Brian is proud of having survived Waxahachie High School.

Gaye Shelkofsky plans to attend Stephen F. Austin where she is interested in child psychology or social work. Throughout high school, Gaye enjoyed spending time with her friends. Gaye is proud of having been awarded the United States Leadership Award and named Who's Who Among American High School Students.

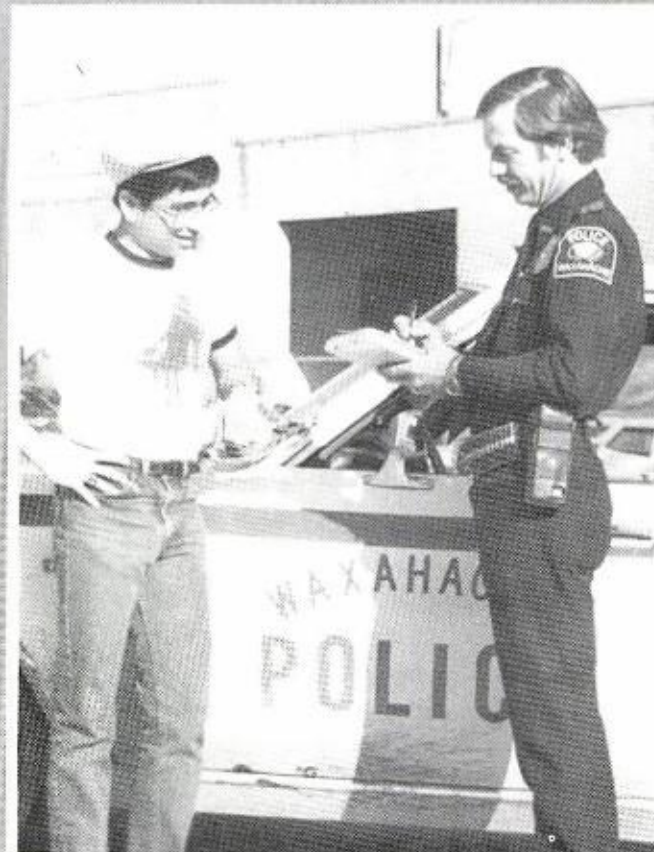

high grades pay off

Margy Williams plans to attend the University of Texas at Austin. Margy is interested in business or environmental design. Throughout high school, Margy made close friends, good grades, and was involved in extracurricular activities. Margy is proud of having served as senior class president.

Bambi Martin plans to attend Baylor University and major in engineering. In high school, Bambi took pride in being the best that she could be in everything and making her family proud of those accomplishments. Also in high school, Bambi served as co-captain of the varsity cheerleaders and was also a Texas Girl's State Representative.

Steven Lucio plans to attend either Baylor University or the University of Texas in Austin. Steven's career interests lie in the fields of pharmacy, biochemistry and engineering. Steven maintained a high average throughout high school and received a letter of commendation for his score on the Preliminary Scholastic Aptitude Test.

Jill Chapman plans to attend Texas A&M University where she intends to major in architecture. Throughout high school, Jill made good grades and also continued doing the things she really enjoyed doing. Jill is proud of having been a varsity cheerleader and a member of the National Honor Society.

Released on probation, the honor students give a great smile dedicated to surviving the years in Waxahachie High School. These ten students served four years of hard work and maintained high averages throughout their terms. These students also participated in many extracurricular activities, while keeping up their grades. Lots of luck in the future. Special thanks to the Waxahachie Police Station and to Officer Larry Ball.

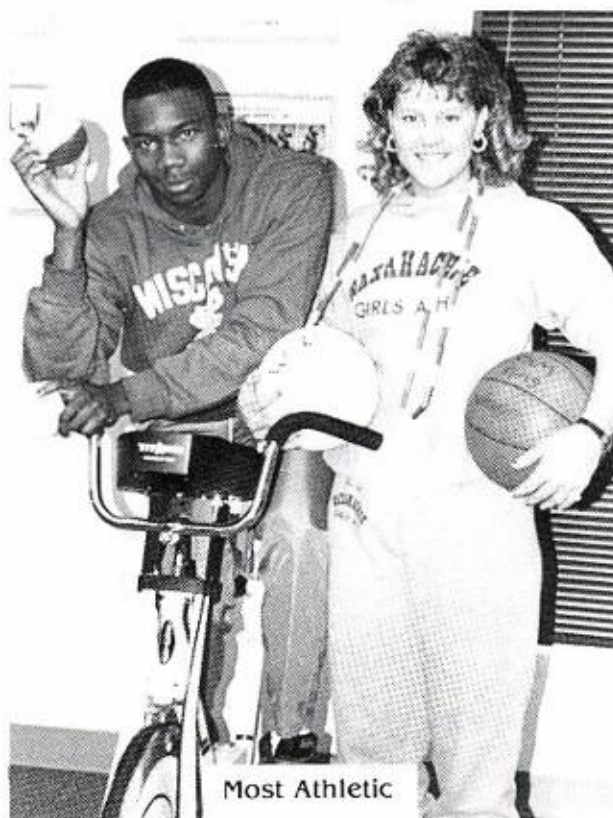

Personality Plus

There are no two people alike in the world - not even twins, when you consider their personalities. At WHS there is a vast number of different people with different personalities. However, there are those few whose personality stands out among the rest. These are the ones who have personality plus!

Ricky Solis

"I am a four year member of the tennis team and I have been the school mascot for the past two years. I am senior class vice president and a member of Who's Who of American High School Students. Upon graduation, I plan to attend Baylor University. My father has been the biggest influence on my life and the most important thing I've learned is to be myself. I will always remember the cheerleaders because they are special people. I feel very honored to have been elected by my friends, and even those who don't know me personally, as Mr. WHS."

Carla Winningham

"I have attended Waxahachie High School for four years. During this time I have recieved honors including the Citizenship Award, Class Favorite, Cuteness, and I was crowned Homecoming Queen for the 1986-87 year. In future years I would like to pursue a career in the secretarial field; therefore, I plan to attend secretarial school in the fall. I will always remember my friends and all the fun times I've experienced. I am honored at being Miss WHS. It's a good feeling to know that so many of my peers think so highly of me."

Academic Decathlon

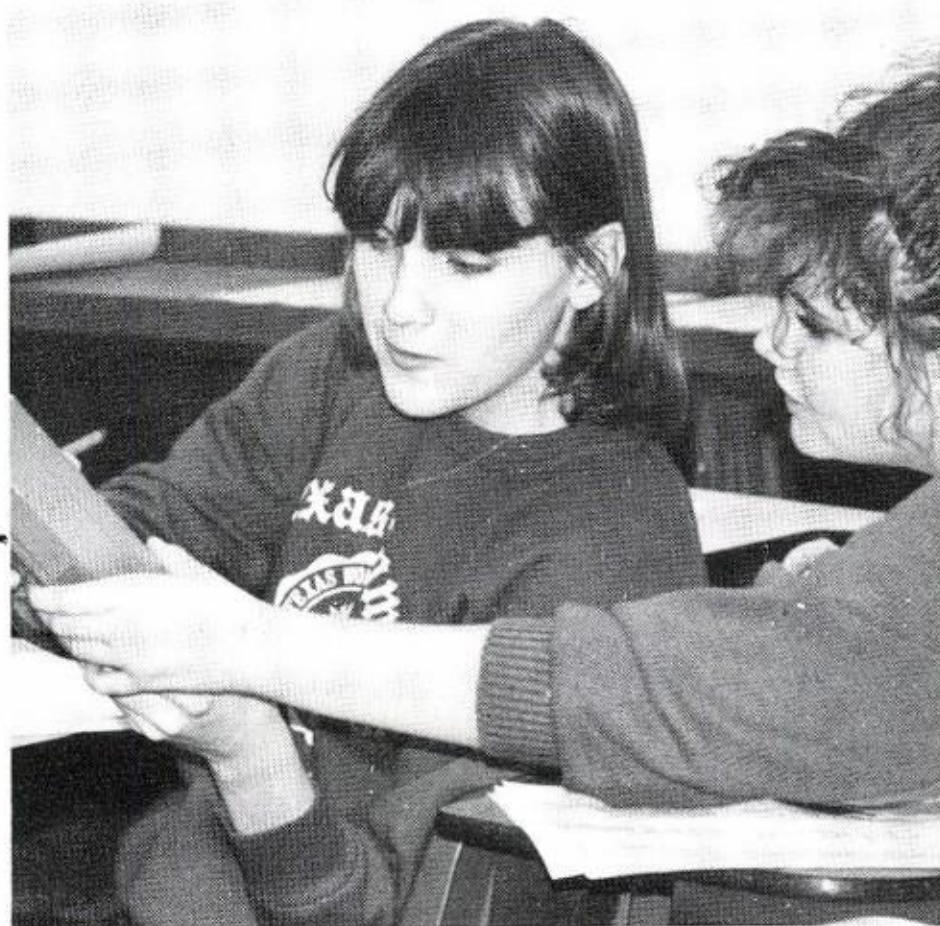

Bottom Row: Karen Praslicka, Teri Defoore, Cylinda Settlemyer, Alan Daughtry, Kristi McLane, and Melinda Bratcher; Top Row: Pat Wilson, Steven Lucio, Jason Lonon, Aine Malone, Denise Groves.

Mind Over Matter

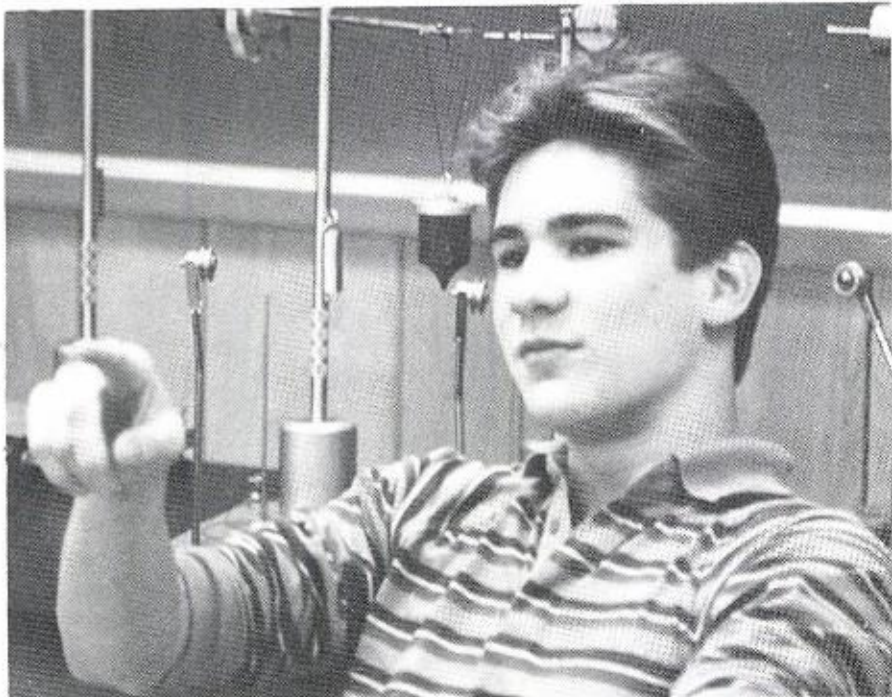

Academic Decathlon is composed of students ranging from grades 10 through 12. Throughout the year, they listen to lectures by various speakers. They research information on different subjects and are required to make two speeches - one prepared and one impromptu. All of this prepared them for the competition held in January in Bryan, Texas, where they competed with 15 other schools. These students received credit. To obtain full credit, they were required to do independent study for 18 weeks. They researched topics that were helpful to the community. Ms. Robbie Reed, AEC teacher, served as the sponsor. Many hours of hard work and study were put into making the Academic Decathlon a top-notch team.

Honors Classes

Making The Grade

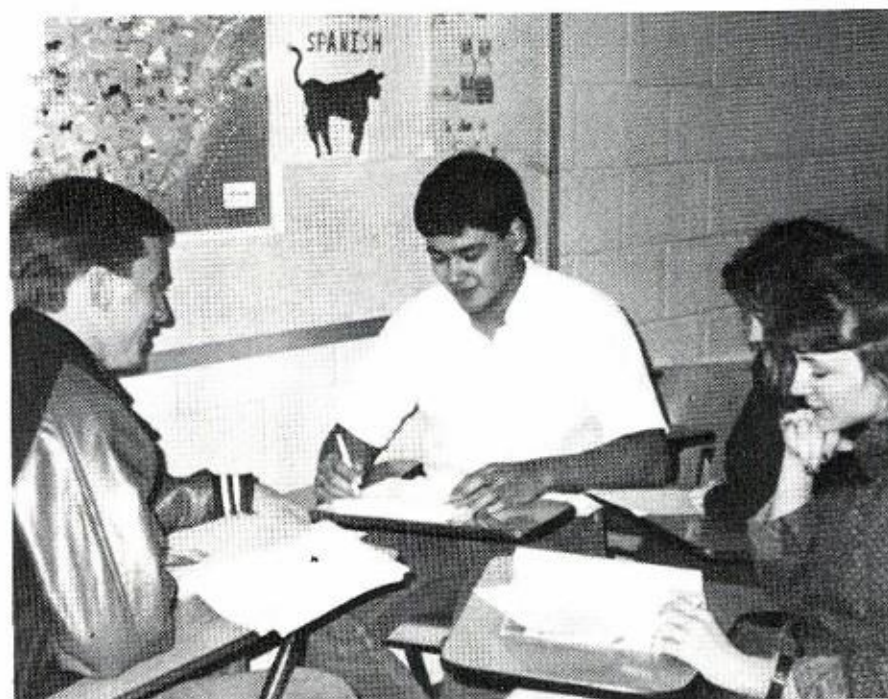

Hoping to graduate with an honors diploma, many students chose to take honors classes. The curriculum and expectations of these classes were much more difficult than those of a regular course. Honors classes were offered in various areas of Waxahachie High School, such as foreign languages, English, calculus, physics, chemistry, and biology. Honor students worked hard to make the grade.

Junior Jason Lonon points out a formula in calculus.

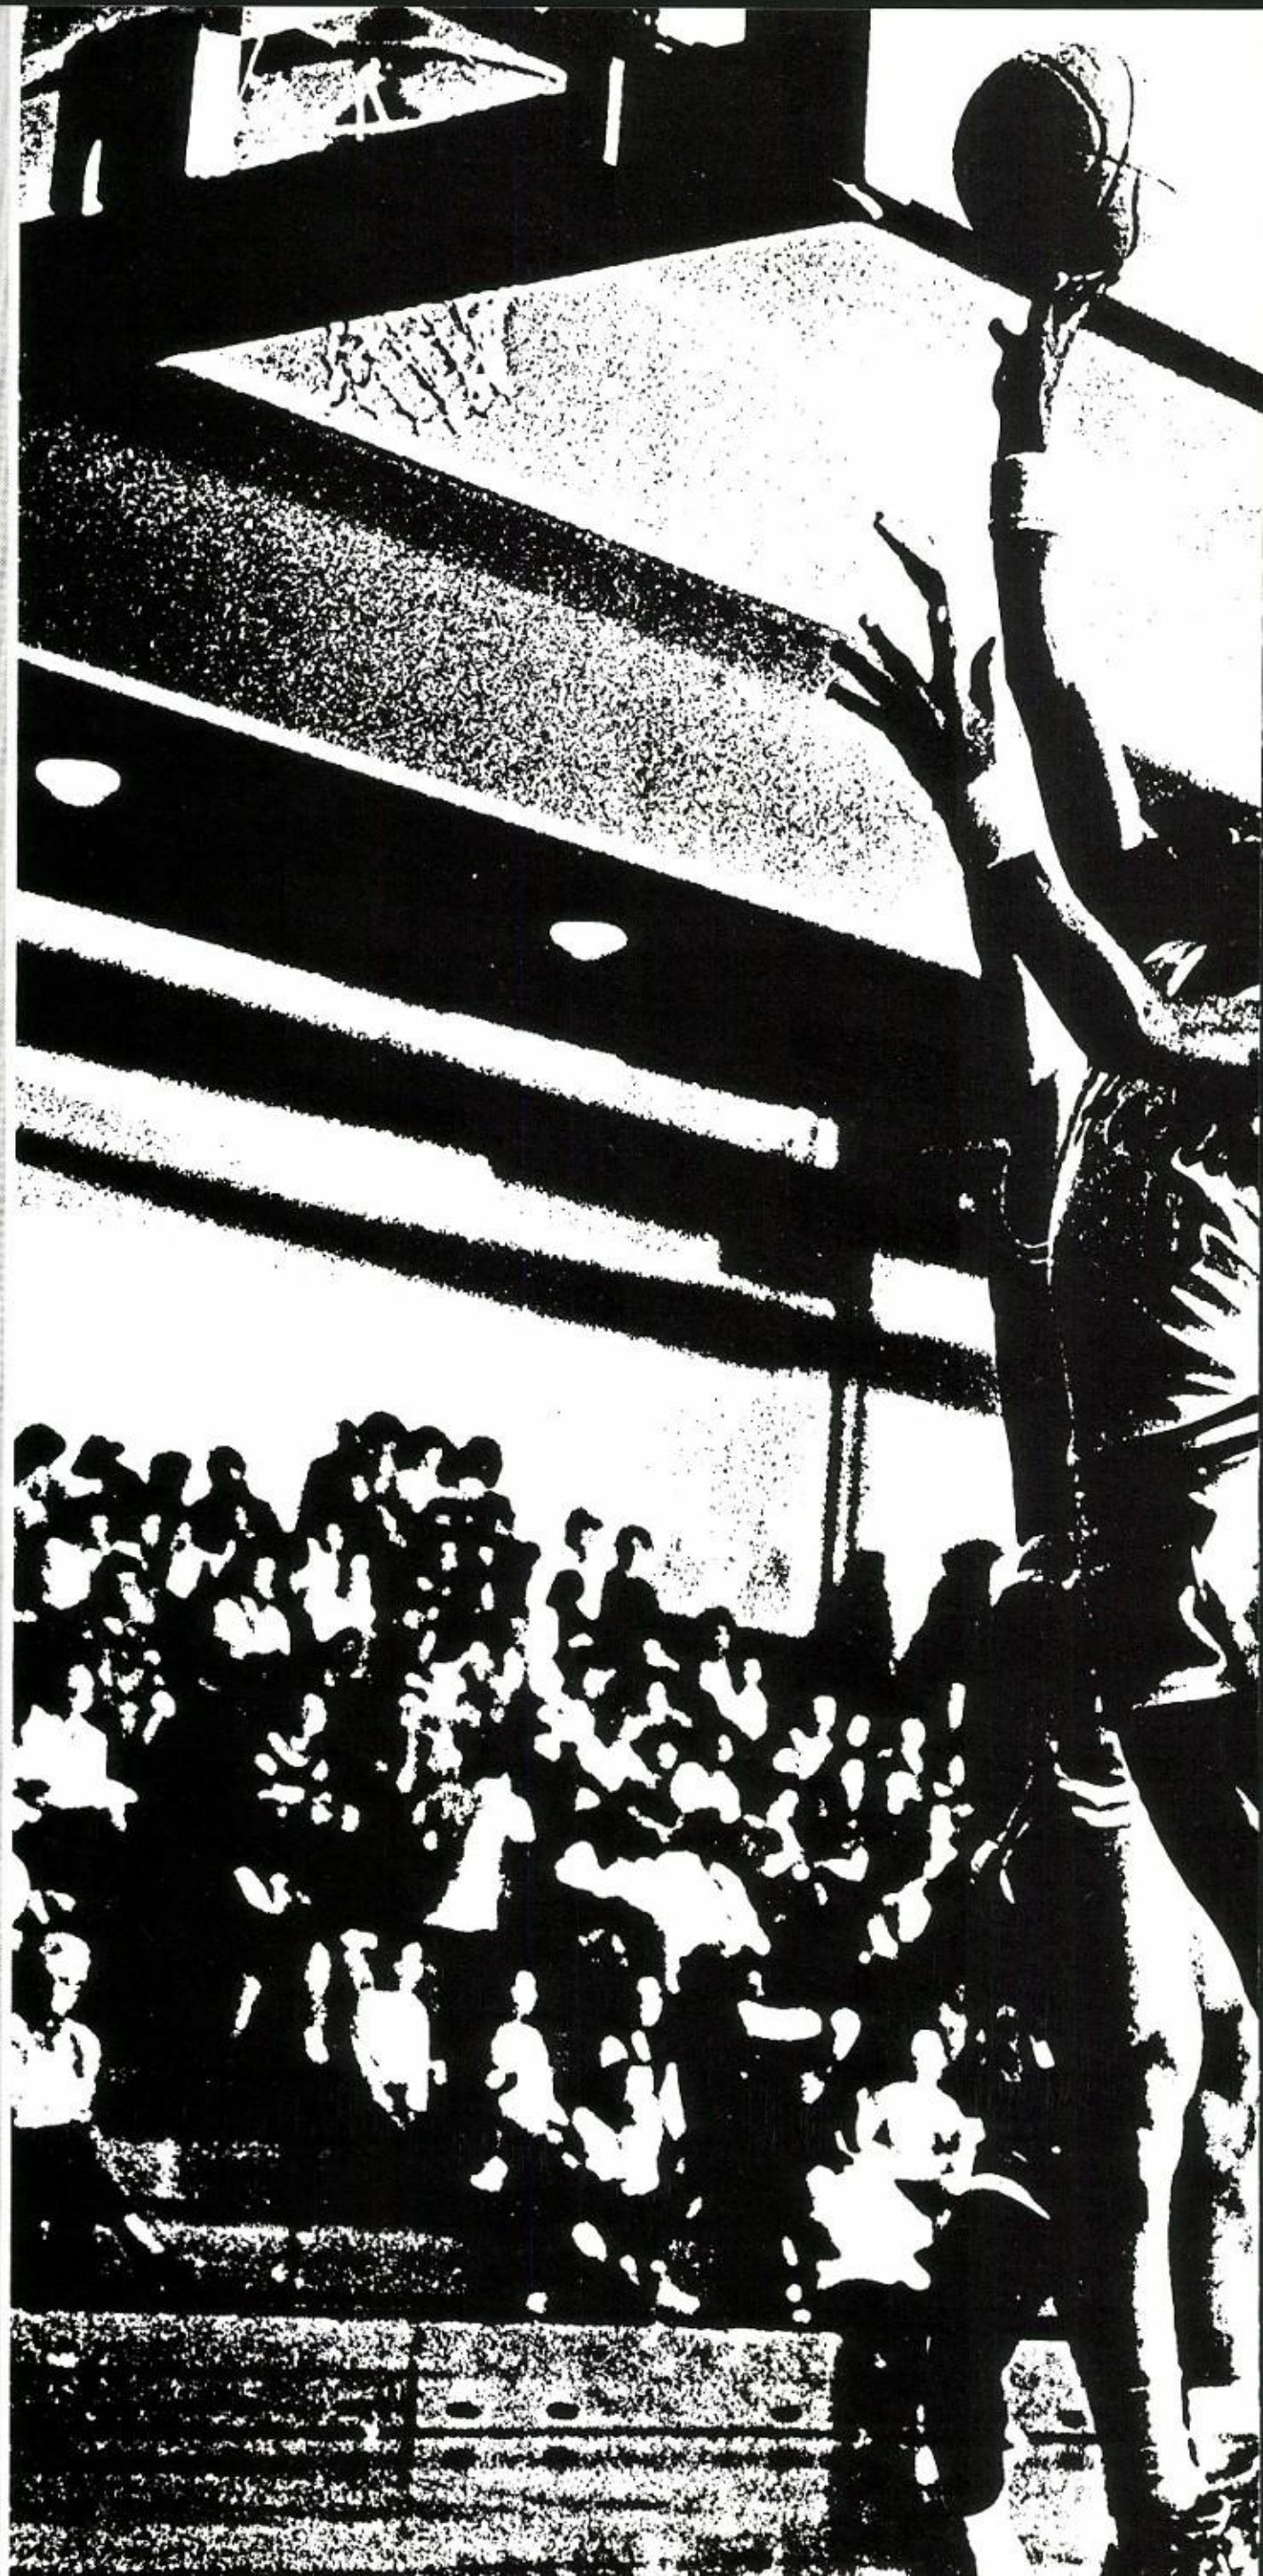

Biology II students Melinda Bratcher and Kristi McLane view a slide under the microscope.

In Honors French III, Stephen Young and Mrs. Elaine Burkhart put together a Christmas book written in French.

Steven Lucio ponders over a question raised in English.

Honors Spanish III students Gary Dollar, Ricky Solis, and Nicole Kinchen prepare for an oral quiz.

The 1986 Indian Varsity Football Team met their opponents with unfailing courage. The support of the fans, band, drill team, and cheerleaders was always there. The team survived "no pass, no play" with a near perfect record. They worked hard and long, and will remember this season as a real character builder. Although the season ended with regular play, the knowledge that this team worked together and for each other is what will be "etched in time."

The Waxahachie Varsity basketball players, under Coach John Nickols, proved themselves to be a strong and hard-working team. There were many close and exciting games. One of these games ended in a devastating loss to Corsicana, but their ability to come back and beat Wilmer Hutchins showed great enthusiasm and a desire to be champions. They won by two points, which gave them the opportunity to represent the district as runnerup. Many members of the squad scored numerous points throughout the season. Coach Nickols continued to teach the Indians that basketball is an unselfish team sport.

Girls 'Serve' Spirit

The Waxahachie Indian Maidens ended their 1986-87 volleyball season with a victory over the Cedar Hill Scarlets. The Varsity volleyball team placed third in the district with a 7-5 record. The J.V. team ended their season with a record of 10-2, placing second in the district. Coach Lynn Westmoreland was proud of the Maidens' accomplishments this year and believed that their teamwork and encouragement for each other helped pull them through a good season. "They have improved much from the previous year and if they keep up the fine work they will have a good chance at taking first place in the district next year," said Coach Westmoreland.

A Building Season

The 1986-87 girls' basketball teams began the year with enthusiasm and much optimism. Practices began in November. Every day, beginning at 7:00 a.m., they worked and drilled on the fundamentals for two hours.

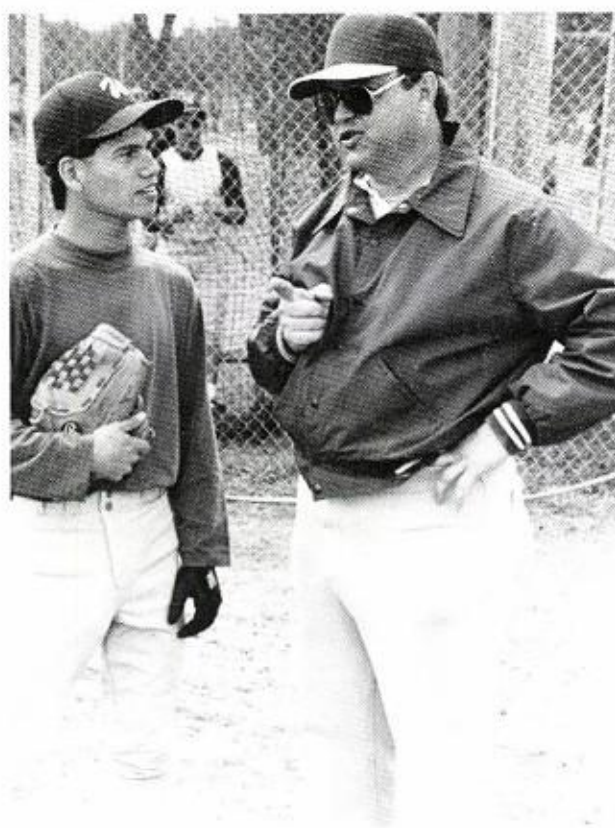

Most of their games were played on Tuesdays and Fridays. All the girls placed emphasis on teamwork and spirit. "Everyone was more concerned about the team and winning than individual honors," said Coach Lynn Westmoreland.

With the frustrations of a losing season behind them, the teams are determined to get on a winning track for next year.

Track - life in

Making the miles count

Hard work, dedication, and competition are all prerequisites of the girl's track team. Each day, under the direction of Coach Mark Box and Ms. Gretchen Gnoza, the girls practiced for their particular fields of running or jumping. They began with stretches and then moved on to a twelve minute run around the field. After warm ups, Coach Box timed the long distance and sprinters separately so each was dedicated to their race. Ms. Gnoza helped the girls who participated in the long jump to improve their landing stamina and increase their length of jumps. The dedication and hard work of both the coaches and the girls created a winning atmosphere perfect for any competition or task in which they may partake.

Running the distance

The cross-country participants went to three meets this year. The meets they attended were Mountain View Classic, Samuel's Classic, and Jesuit Classic. Each day the team practiced after school and occasionally in the mornings. Their practice runs varied from the track to the park to courses near the high school. The team placed well with the girls running a 2-mile course and the boys a 3-mile course. At the district meet at Mountain View College, LaDonna Culverhouse qualified for regionals. As Coach Steve Westmoreland said, "They ran with Indian pride."

On The Run

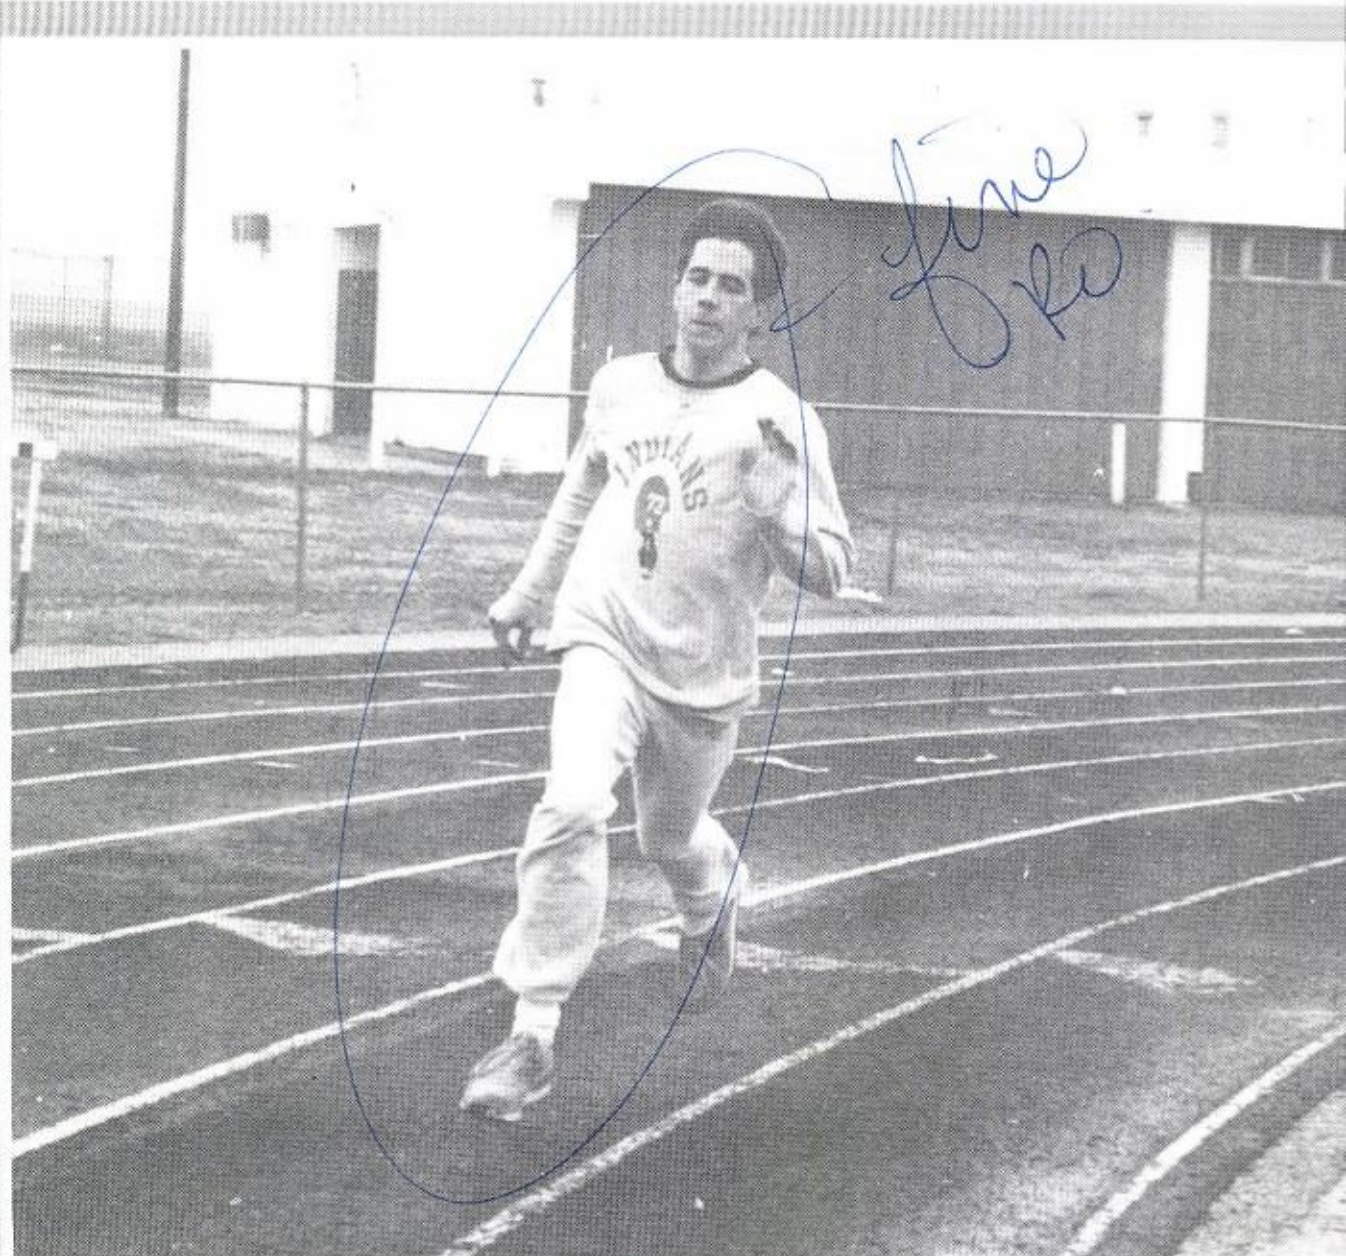

The boy's track team was divided into two practice groups. The track runners were supervised by Coach Steve Westmoreland and the field events were directed by Coach Don Bowman. These two groups combined to create a team of excellence. Each day the two groups practiced their particular skills after school and worked on certain improvements. Under the supervision of their coaches, they strived to achieve their greatest goals in competition. Hard work, supervision, and training made up a quality Waxahachie Boy's Track Team.

Sponsor-Mrs. Carol Johnson

People have finally begun to realize the dedication, skill, and practice involved in cheerleading. The 1986-87 Varsity and Junior Varsity cheerleaders of WHS possess the qualities required and displayed them throughout the year. They attended UCA camp in the summer, where they received many honors, and went to a UCA competition at San Marcus in November, where they competed with difficult three-minute routines. The cheerleaders also showed their spirit and charisma at the football, basketball, volleyball, and baseball games. Mrs. Carol Johnson, the cheerleading sponsor, spent many long hours with her teams this year. She worked with them and supported them through games and competitions. Her concern and patience insured the girls' safety and cooperation. Todd Haney, the cheerleading manager, was also a major asset for the cheerleaders. He was present at all of the practices, games, and competitions to lend his time, help, and support. The cheerleaders will be able to look back on a fulfilling year and be proud of their hard work and dedication.

V A R S I T Y

As the year passed, the Varsity Cheerleaders displayed their school spirit and talent in numerous activities. At UCA camp this summer, they won trophies in dance and sideline competitions. They also won the "Most Spirited" award and were awarded a spirit stick for each day they attended camp. During the football and basketball season, the girls led the crowds in cheers to spur the boys on to victory. They also held pep rallies and dress-up days to promote school spirit. Co-Captains Bambi Martin and Robin Osborne took charge and led the team through an excellent year. Their cooperation and care for each other helped build a safe and amicable squad.

This year's Junior Varsity cheerleaders were a very spirited group. Their talent and leadership was shown as they cheered for the J.V. football, J.V. basketball, freshmen basketball, girls' basketball, and volleyball teams. At UCA camp this summer, they won awards in dance, cheer, and spirit competitions. They also won fifth place at a UCA competition in San Marcus. Co-Captains Sylvia Garza and Ginger Graham organized their teams into a winning squad which excelled in all of its efforts. Their work and unanimity pulled them through an exciting year.

Even before school started in the fall, the athletes of WHS were hard at work improving their bodies and performances. After school started, the football team played a very hard and grueling season. Although their final standings were not as good as they wanted, the whole team learned valuable lessons which they will carry with them the rest of their lives. The cross country team ran with spirit, competing on many weekends during the first of the school year. The basketball team started off really good this year and ended up going to the playoffs. They pushed themselves to their limits and the whole team was proud of their successes.

Members of the spring sports, such as baseball, tennis, and track all put forth their best efforts. The key word at WHS was pride. Because of their dedication, teamwork and hustle, the teams and coaches were justifiably proud of their efforts. In turn WHS was proud of their teams! This year in sports will indeed be etched in time.

"CYLINDA SETTLEMYER, a junior, is always straightening her shelves and organizing her books, in alphabetical order of course. It is obvious from her organized habits that she has always been an intelligent girl. I saw her report card—all A's! The only thing that ever distracts Cyllinda from her schoolwork is a picture of a boy which she keeps in her blue folder — 'Charlie' somebody."

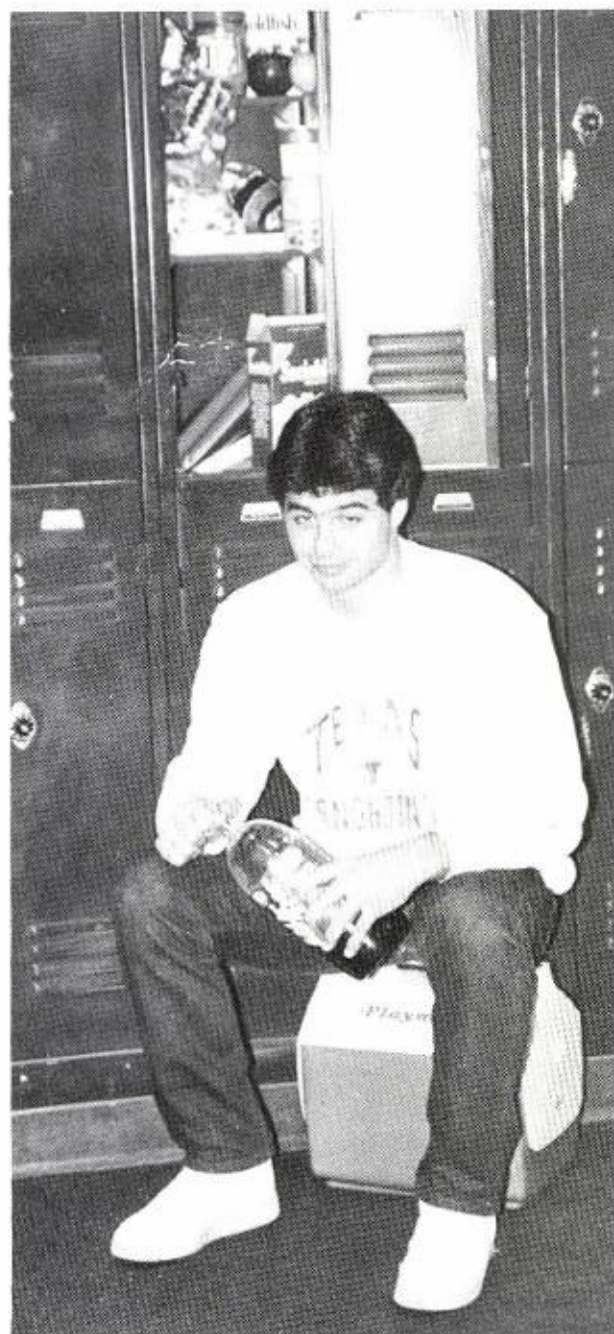

"MICHELLE O'DANIEL, a freshman, has not yet become adjusted to high school life. She is having a little bit of trouble leaving her childhood behind to enter the 'pre-adult' years of high school. But, only too soon, the Dr. Seuss books will be replaced by text books, the lunch pail will be traded in for a brown paper sack, and the teddy bear will be left back home."

"JOHN MAJORS, a senior, has turned me into a really 'cool' locker. The mirror is a definite plus since I can check out my good looks whenever he is not checking out his. The pictures of models are not too bad either, though as soon as I fall in love with one it is replaced by another. I believe it is just too hard to keep up with the life of a 'stud.' "

If Lockers Could Talk . . .

"ADAM FARRIS, a sophomore, has not cleaned me out since the first day of school. At this rate, can you imagine the state I will be in by the end of the year? Come on Adam, the least you could do is throw away the old socks and orange peel. No, I have not seen your Algebra book lately, but then who would in this mess?"

"MIKE ROBINSON, a junior, can not seem to keep his mind off food. Every time he opens my door he reaches for a cracker, a piece of candy or a quick gulp of Dr. Pepper. Now I understand how he earned the nickname "Chunky" from his football teammates. At least he has football and workouts to keep all of this food from going to his stomach."

"CLAIRE MYERS, a senior, seems to go on a shopping spree at least once a week. Each morning I am greeted with her big, friendly smile and a new set of clothes. She really has a sense of style and I am proud to have such a fashionable person as my owner. I feel as if she has added some "culture" to my interior."

The lockers at WHS hold more than their owners' possessions. If only lockers could talk, I wonder what secrets they would tell, what opinions they would express, or what futures they could foretell of the students whose possessions they have held. Through the years they have been at WHS, they have had a variety of people inhabit their space and

transform them into personal "homes away from home."

Before the first week of school has passed, the lockers' interiors have taken on a new look that fits the owner's personality. Some lockers hold stacks of books, while others are practically bare; some look like a grocery store's stack shelves, while others look like a fashion de-

partment; some look like the epitome of a senior "stud", while others look like a young freshman not yet ready to grow up.

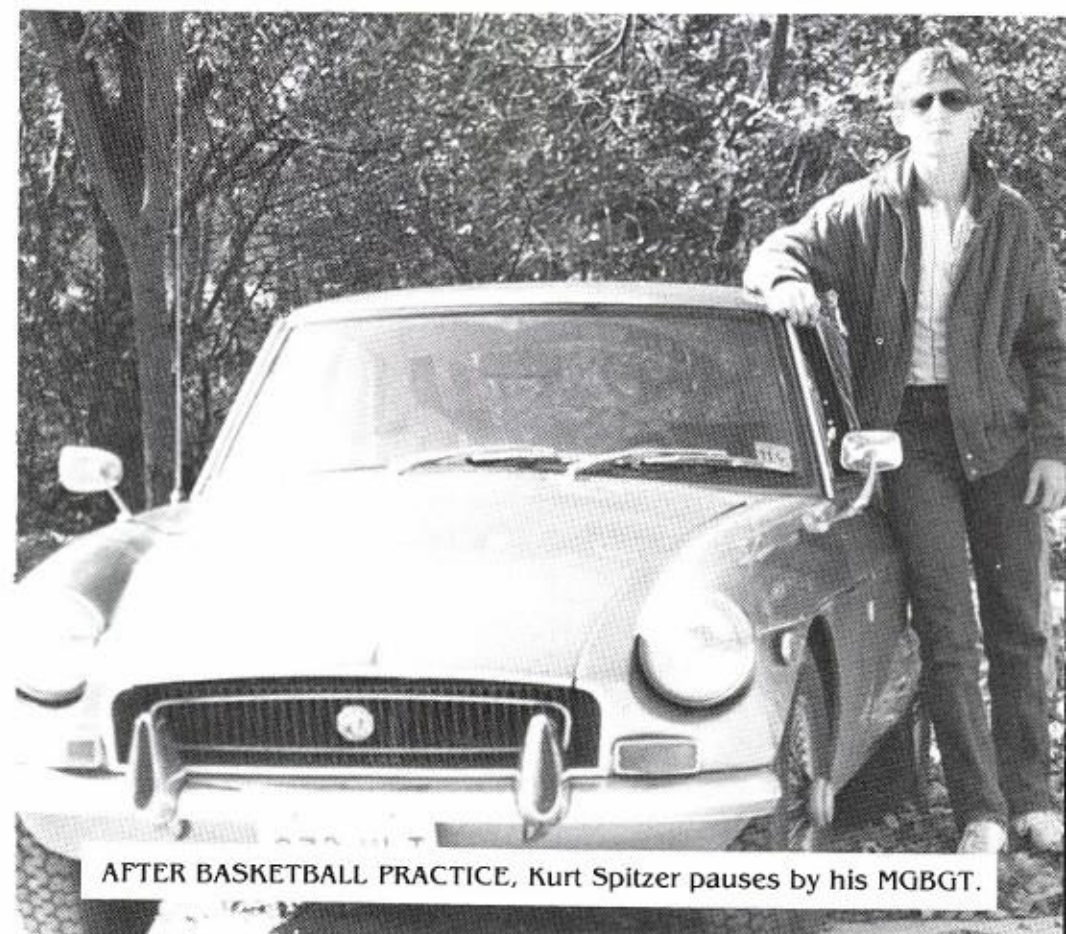

What secrets your locker holds will never be told, but if lockers could talk, I wonder what they would say?...

Profiles Of Students In Style

Martin Davis

My goal in life is to do something with authority. People used to call me Marty, but now I'm called Martin because it's authoritative. When I was little I wanted to be "King of the Panama Canal" because it was a position with power.

Claudia Cantu

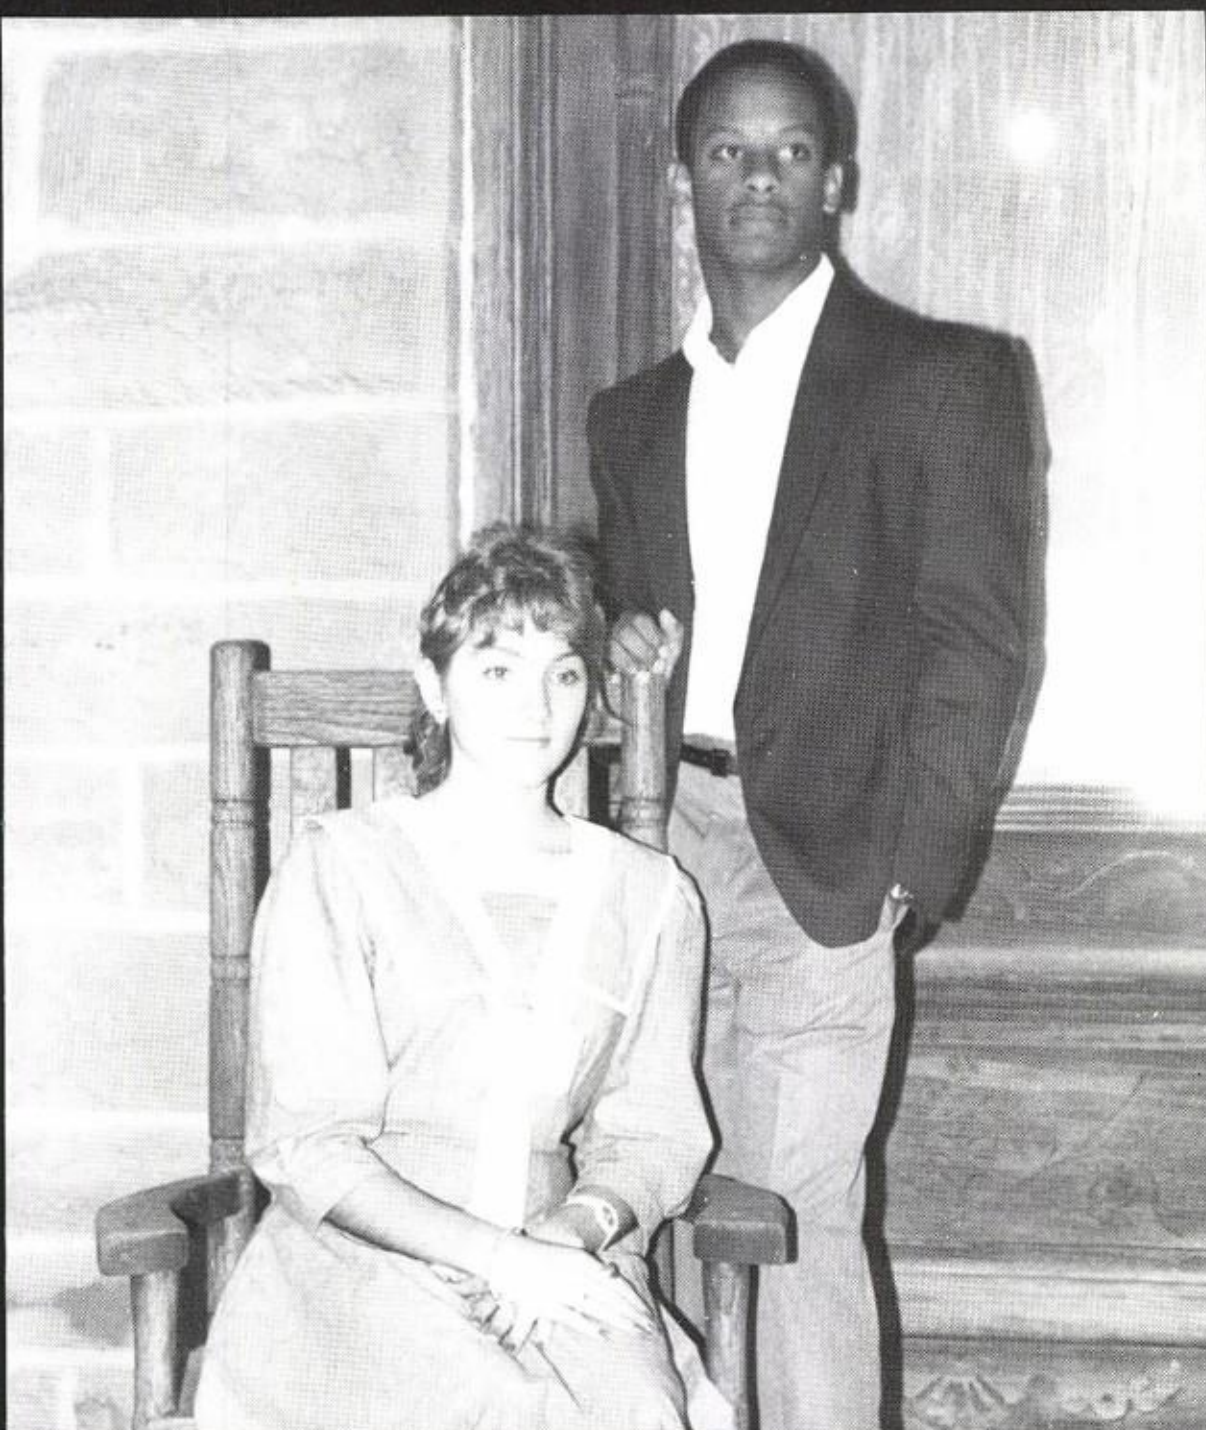

After I graduate from high school I want to go to Europe and study. I have relatives in Italy that live on the coast and the ocean is beautiful. My biggest fear is of drowning, and I hate swimming in lakes.

George Cole

My dream is to join a jazz band and play in dark, smokey bars in Europe so I can meet interesting people. People who are intelligent, who know what's going on in the world impress me. The most important thing to me right now is my girlfriend and a good education.

Julie Lamp

One time I got pulled over by the cops for driving without my lights on. While trying to sound mature, I remembered the Mickey Mouse hat that I was wearing and ended up being totally embarrassed. I've got a zany best friend that loves to get me into trouble.

As you walk down the crowded, noisy corridors of WHS you see a variety of people. These students have different personalities, ideas and thoughts. These characteristics are reflected in the clothes they wear.

Denim was a favorite for many students at school this year. Denim jackets and faded jeans were worn by both guys and girls. This style was an enjoyable one because it allowed you to look good and feel comfortable at the same time.

Looking nice was easy for those who dressed in the traditional style. Lace collars, pearls, khaki pants, and suspenders all made up the "traditional" look.

Students who enjoyed creating their own, unique style came under the heading of "off the wall" fashions. They each had a talent for combining old and new; moderate and extravagant; and simple and whimsical to create their "out of the ordinary" look.

The romantic image was captured by students who wore winter whites and dreamy pastels. A hint of lace, an antique pin, a silky bow, or a pair of vintage oxfords—all of these were imaginative touches added by the romantic.

John Harris

When I was little my hero was Superman, but I left him behind with grade school and entered the reality of high school life. The main reason I came to school is to see all of my friends, but don't tell my dad that! My favorite class is Spanish because it's easy.

Nicole Allison

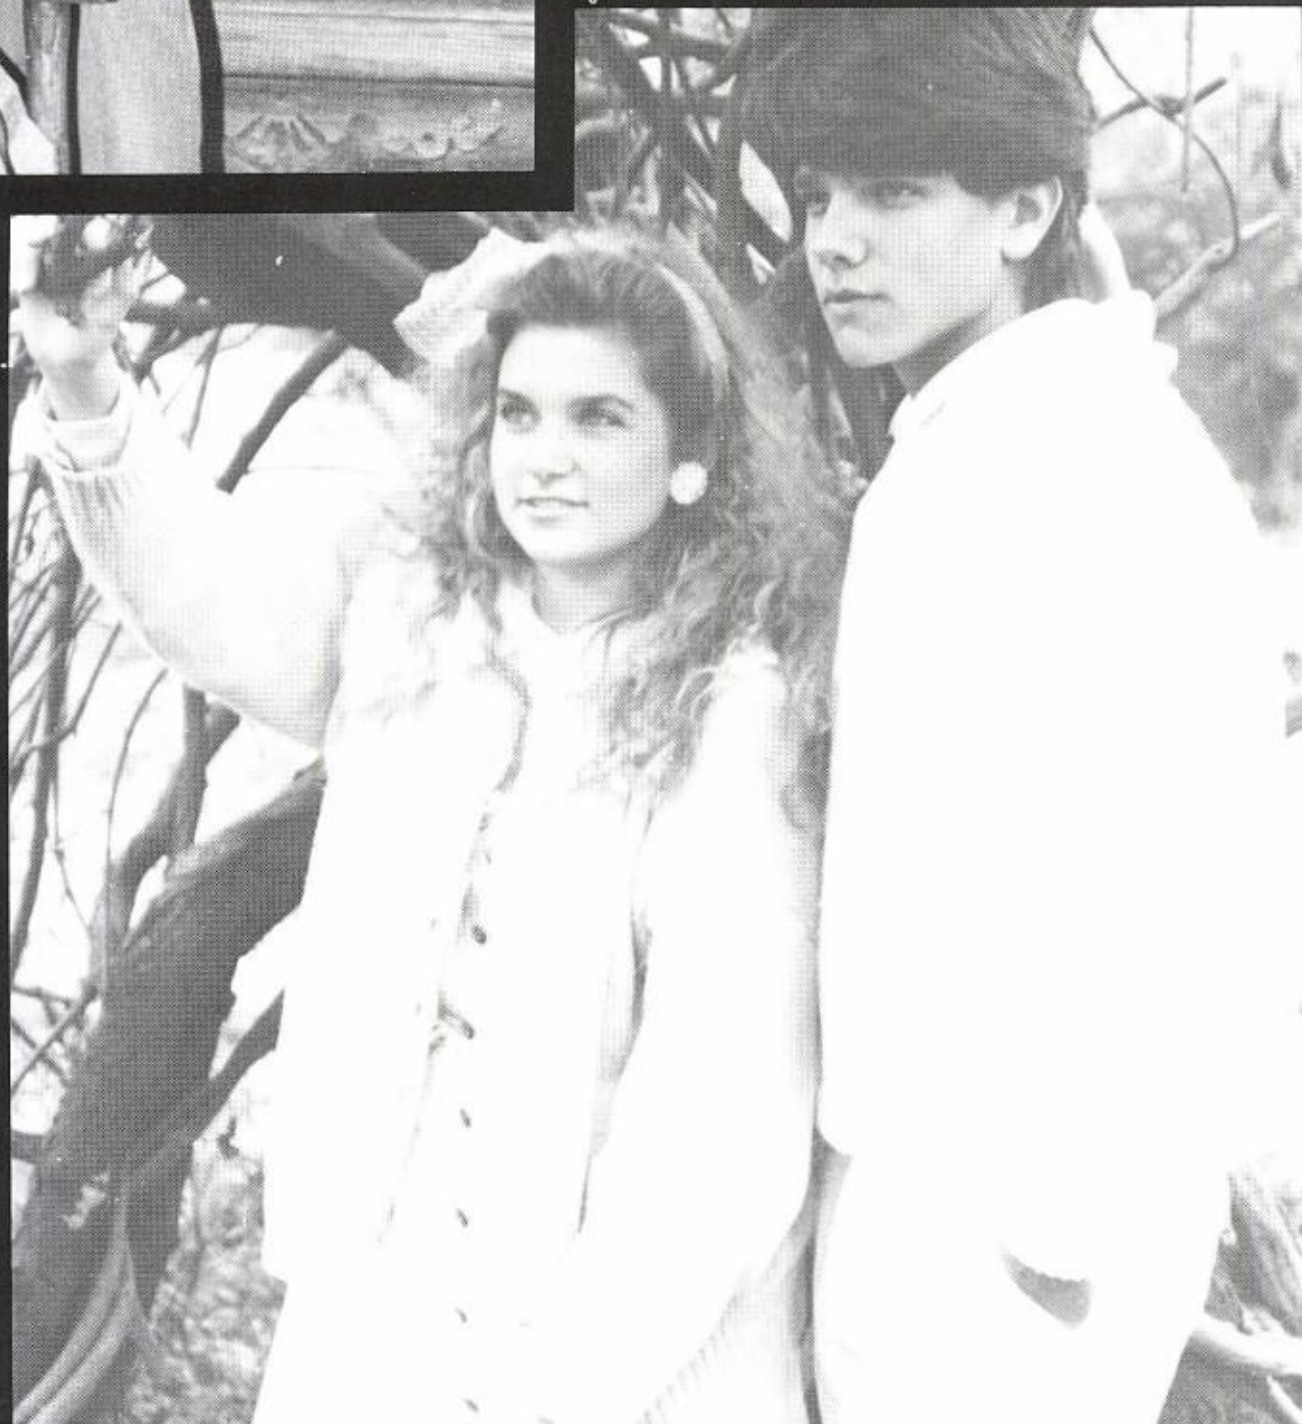

My favorite color is blue. I really don't know why, it just is! It seems that I can never find anything in my room because I have this awful habit of just letting things pile up on the floor.

Jeremy Angel

My mom gripes at me because I'm a slob, but hey, what can I say? My favorite vacation that I ever took was to the Florida Keys, even though there were big alligators and huge mosquitoes. One time I dreamed that little, green monsters were throwing me down a flight of stairs.

Renee Smith

I am originally from Houston, but I moved to Waxahachie when I was ten. When I was little I wanted to be a veterinarian, but I changed my mind after I found out what they had to do. Now I want to be an opera singer because it's so challenging.

Procrastination

Putting Off Work Is Fun

Procrastination-

During the school year it was sometimes hard for us to become motivated enough to do adequate school work, especially at eight in the morning or late into the night after a long day at school. By the time the bell rang at three-thirty, many of us were too worn out to even think about homework.

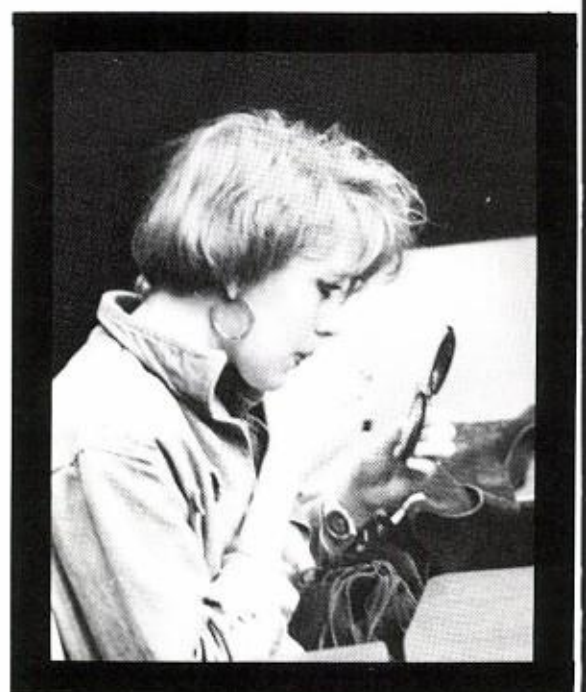

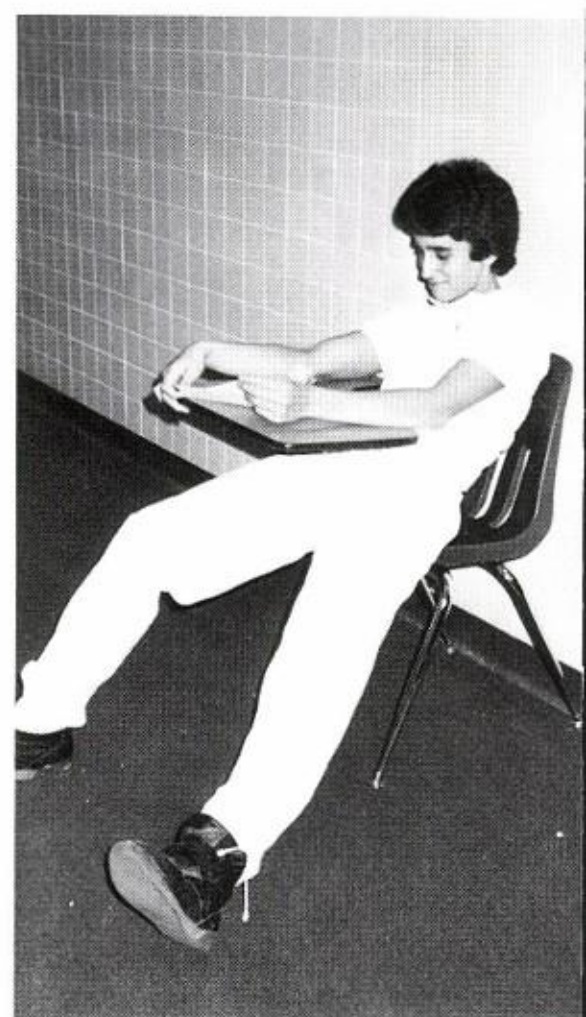

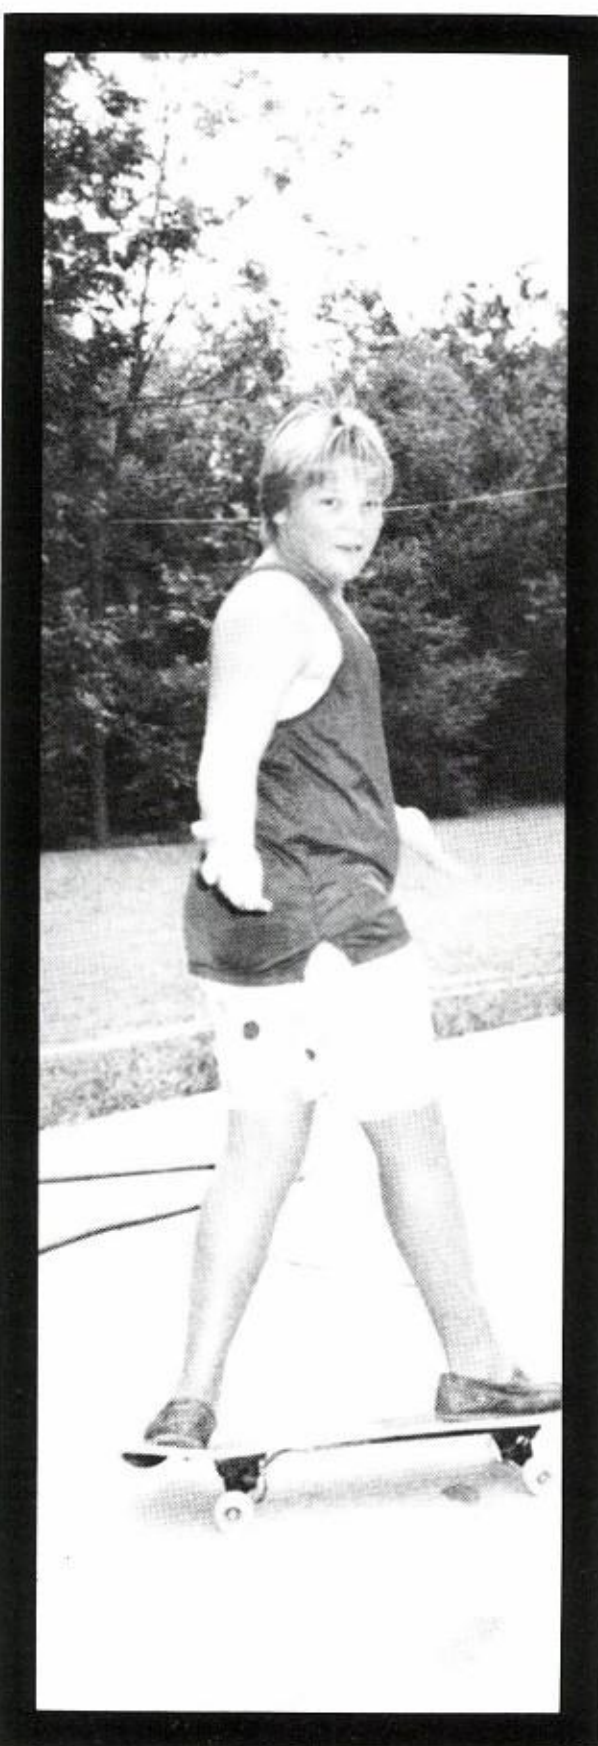

Yes, procrastination overcame even the best of students. Some of our fellow classmates told us their secrets for getting out of work: Elizabeth Price practices the piano, which would probably make her parents happy, except for the fact that she doesn't take lessons. Nicole Kinchen comes up with a hypochondriac-like illness and Marty Davis always has the perfect alibi for getting out of sixth period study hall ... you can find him talking to his counselor, Mrs. Glinda Felty.

FUN AND PLAY: Macy and George play ball on a lazy Sunday afternoon.

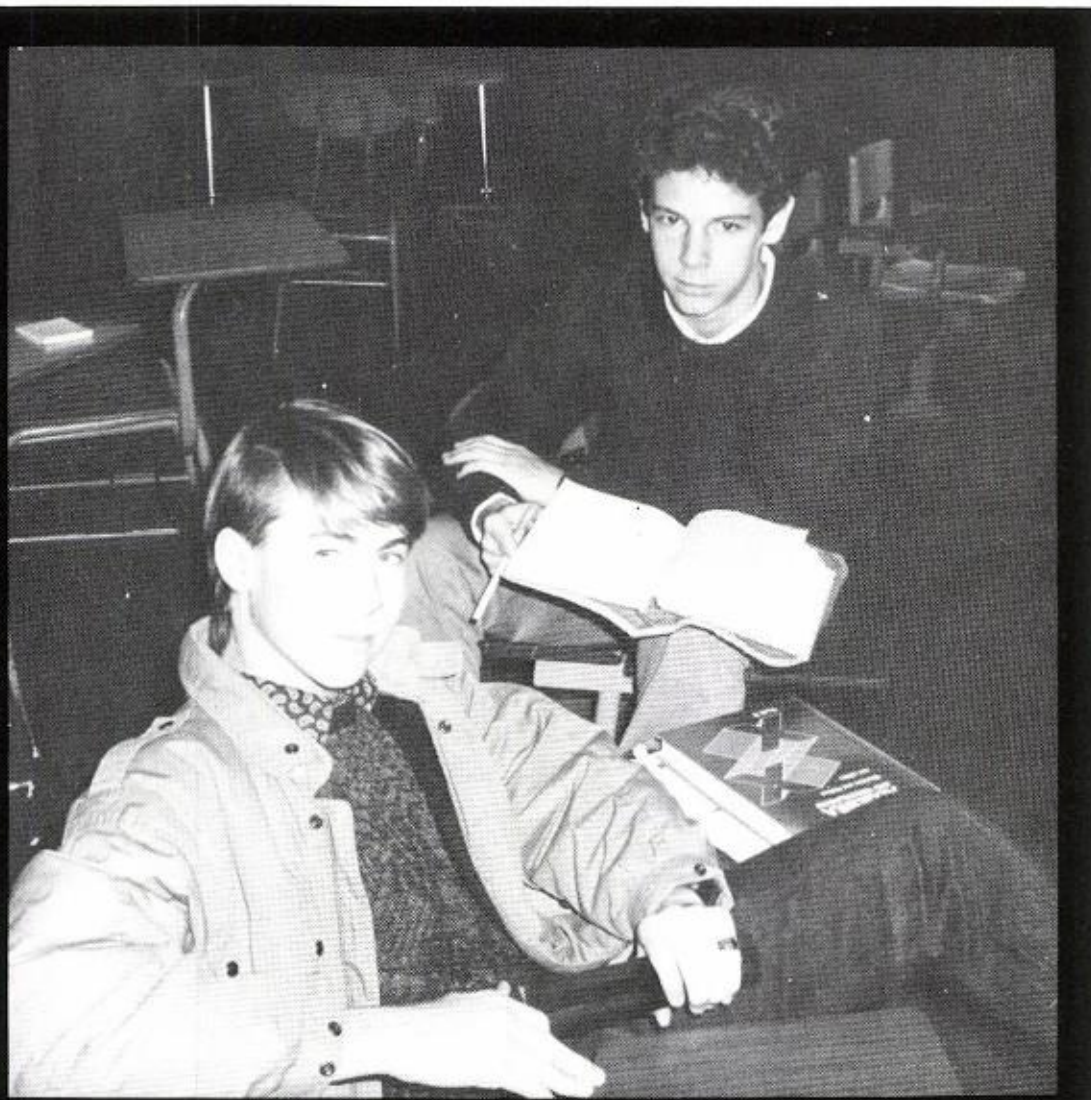

AFTERNOON OF FUN: Jerod Hines would rather skateboard than do homework.

OUT OF CLASS: Jason Manley is sent out of study hall.

A LITTLE MAKEUP is all Carrie Coward needs to entertain her between classes.

Cramming

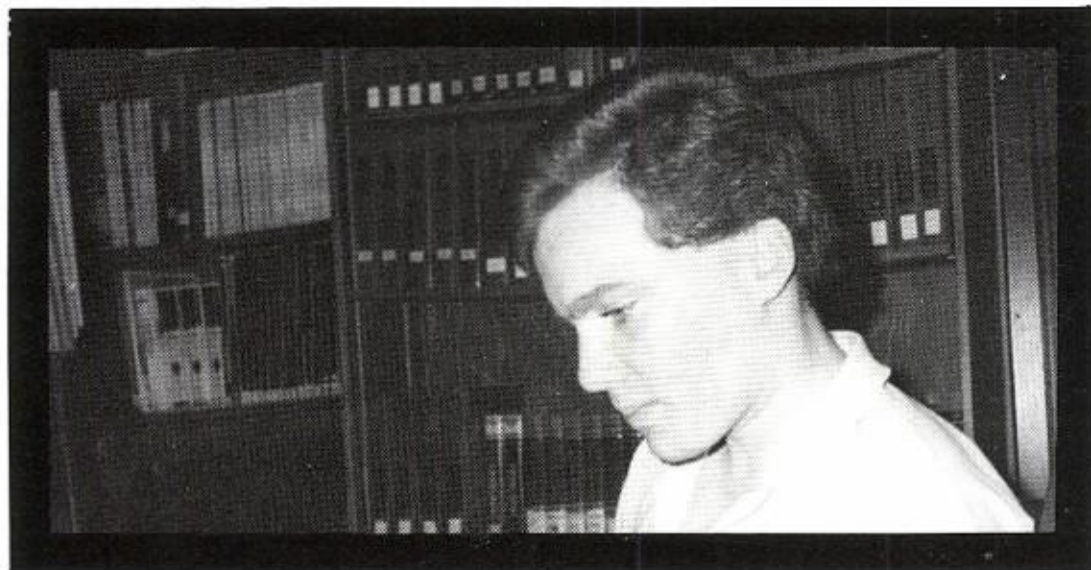

But In The End There Is Still Work To Do

Finally there came a time for the more serious side of school. Pre-calculus, trig, and chemistry were just a few subjects on the minds of students this year. By being tutored, studying hard, and taking notes, students strove for that great time when they would be seniors and their hard work would bring them success.

Long nights and hard dedication brought the sweet reward of satisfying grades. Whether it was studying with a friend, using resources from the library, or toughing it out in the privacy of one's own home, everyone did their best to achieve the grades that would reflect their work for the year. With the no pass, no play rule in effect, many students made a special effort to achieve at least a "C" average in all classes.

LOOKING FOR BOOKS, Eric Essary and Luis Villarreal hunt facts to fit the story they've been watching in English.

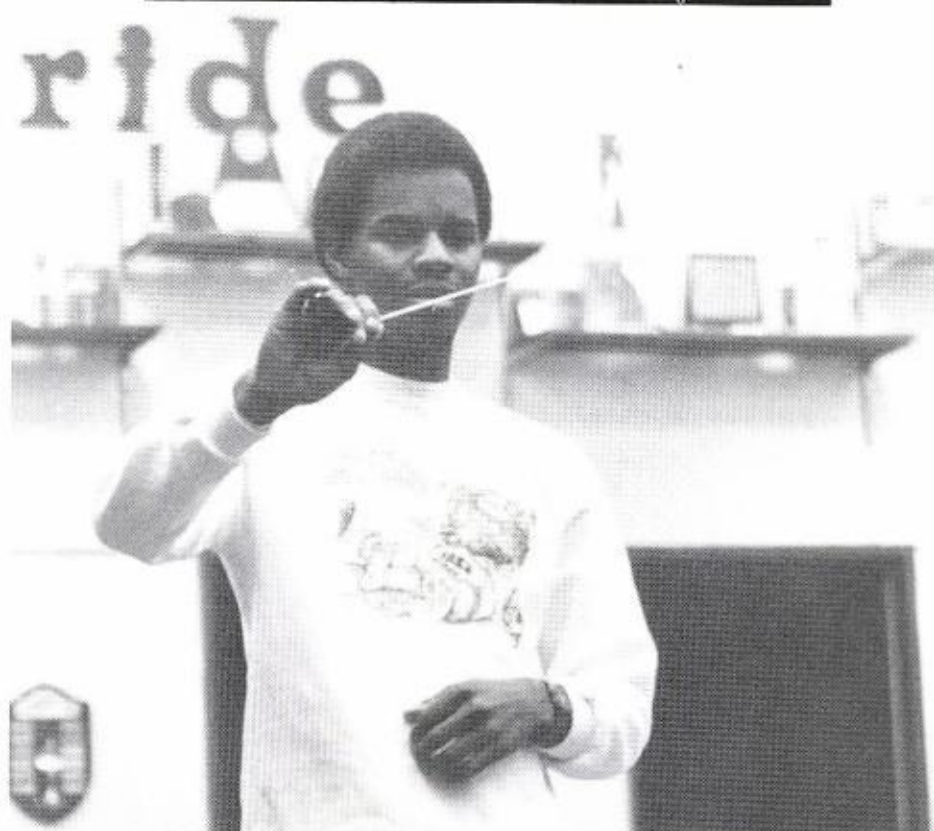

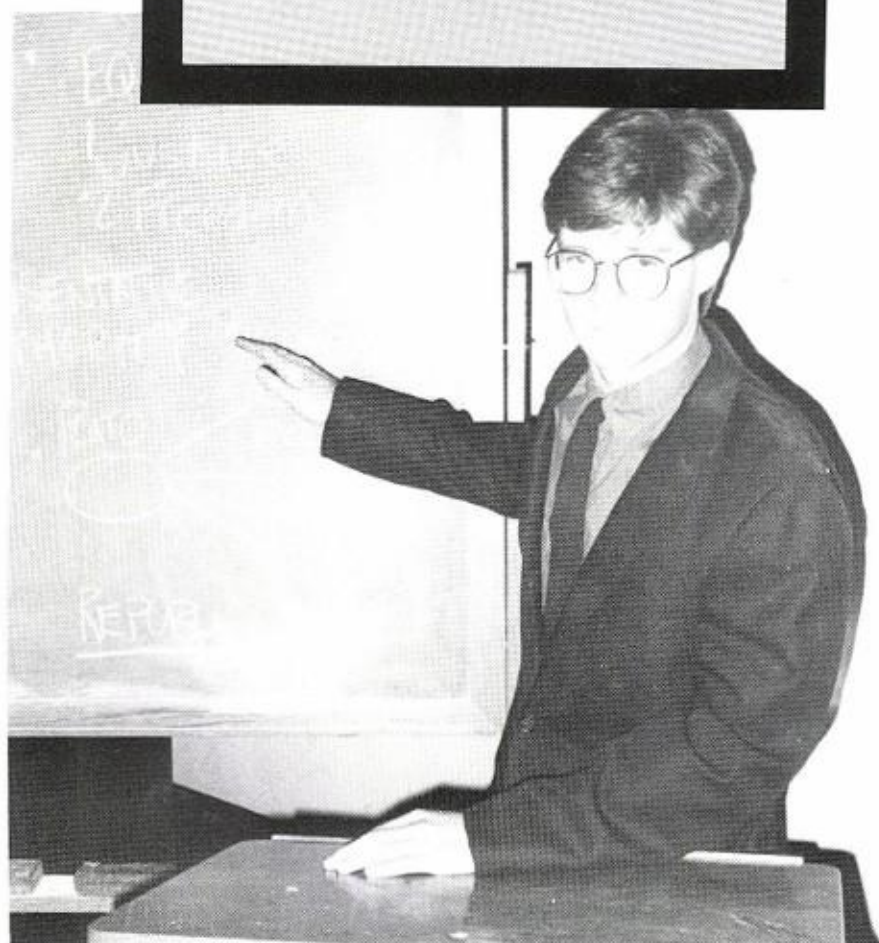

High Hopes:

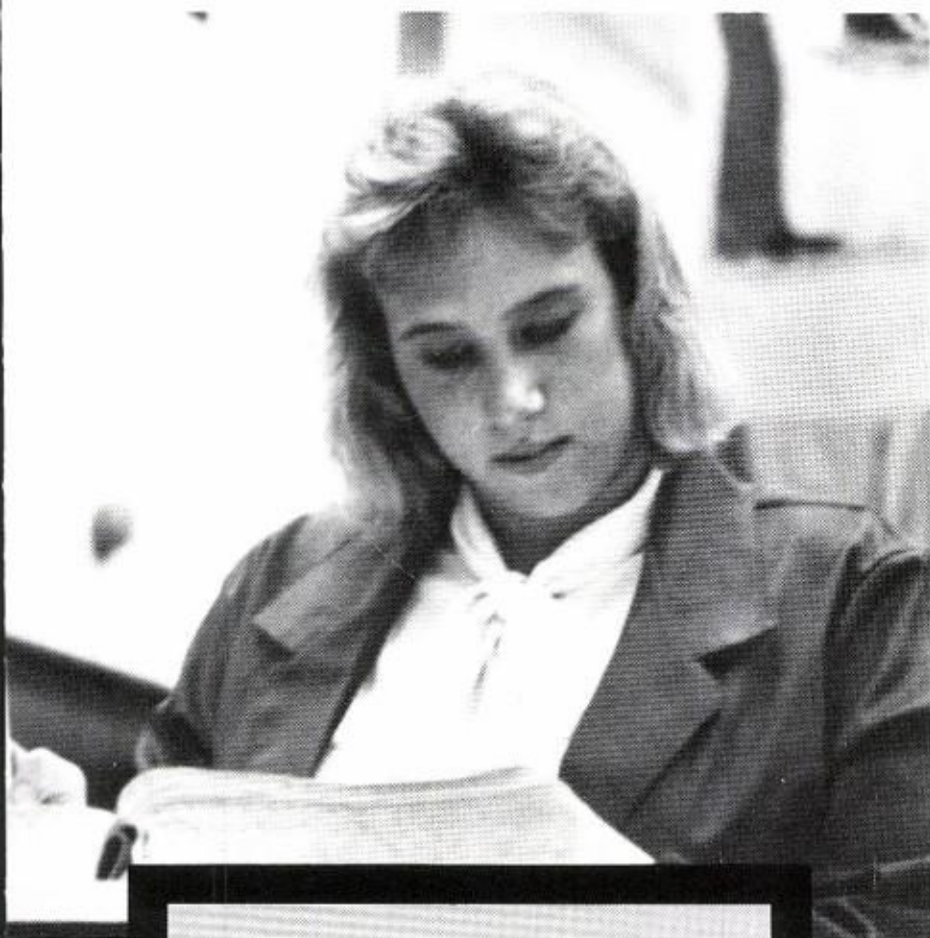

"Man was born free and is everywhere in chains." Alan Daughtry, senior, plans to attend either Harvard or Rice. He plans to obtain his masters in English and also to become a corporate lawyer. Alan says that Dr. Ronnie J. Hastings has been the biggest influence on his life so far.

"Only the true champions will rise to the occasion." Jacques Brown, junior, plans to attend Michigan University. He hopes to pursue a professional career in music and to direct an award-winning high school band. Jacques says that Jay Beckenstein, from Spyro Gyra, has inspired him most in the music field.

Students Plan Now For Future Careers

"Remember the past, plan for the future, live for today." Jamie Maxin, sophomore, hopes to attend Ohio State University. After college she plans to become a reporter on a newspaper staff. Later, she hopes to become an editor. Her mom has been the biggest influence in her life so far.

"In youth we learn; in age we understand." Angela Hawkins, freshman, hopes to attend MIT and major in chemistry. She wants to be self-reliant and not have to depend on anyone. Angela says her mother has always been an inspiration for her because her mother has always told her "you can achieve anything you will work for."

Current Events

There were many events this past year that touched all parts of the world. These events ranged from tragic times, causing many to shed tears, to jubilant times and a cause for rejoicing. As we were led on the world's roller coaster ride from one event to another, we had to choose sides, form opinions, and sometimes admit defeat.

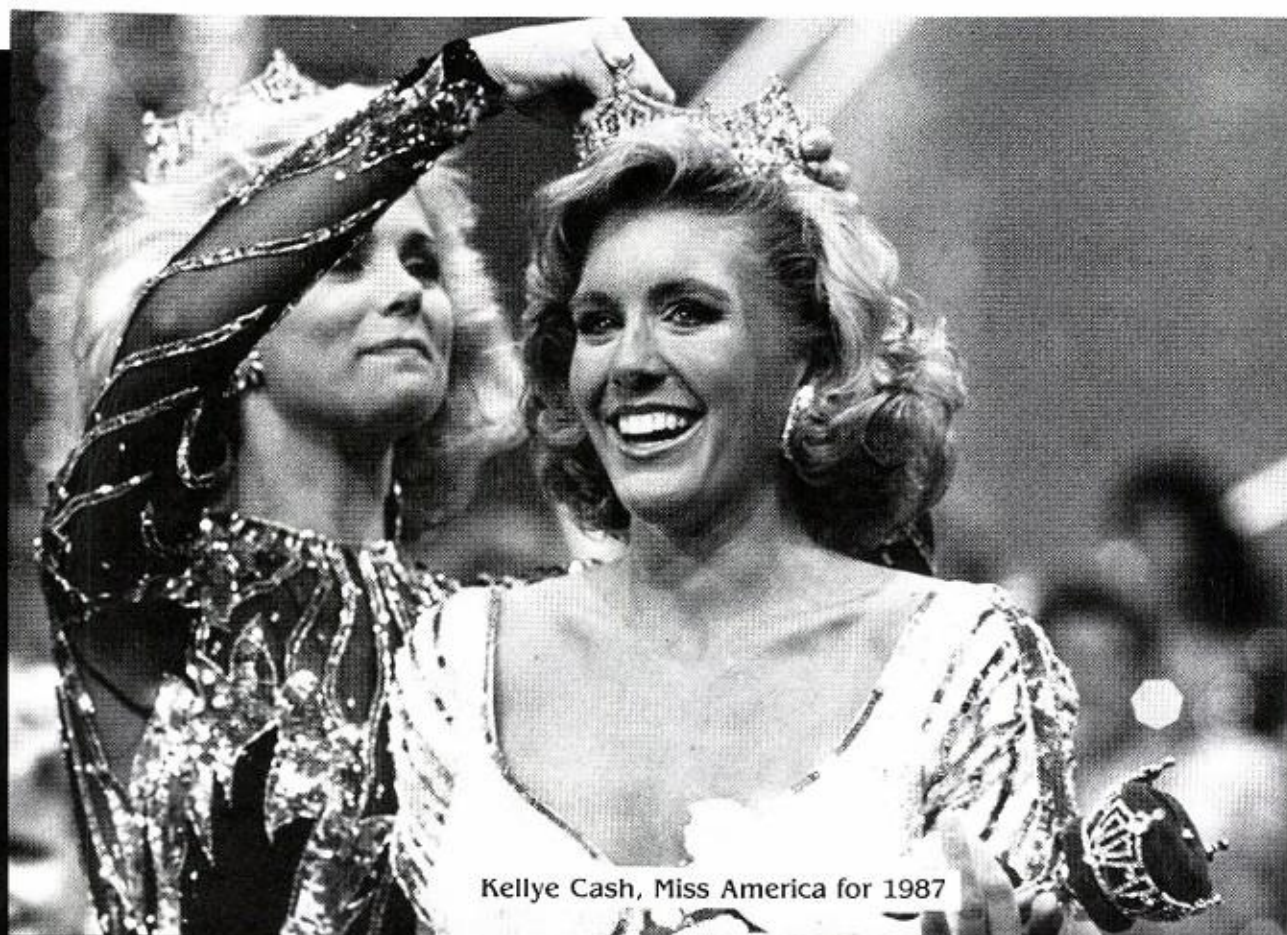

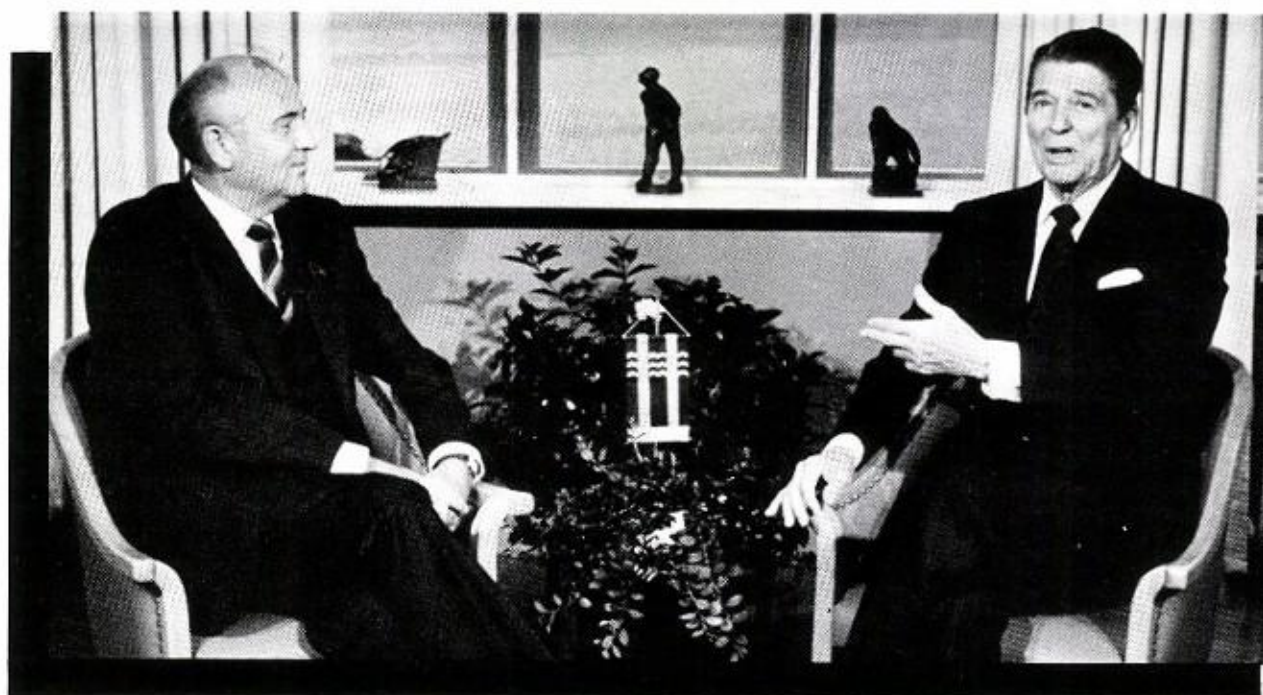

The July 4th commemoration of the Statue of Liberty's 100th birthday, along with the weddings of Britain's Prince Andrew to Sarah Ferguson and Caroline Kennedy to Edwin Schlossberg in July, were all causes for celebration.

But as the school year progressed disaster struck. On September 6, two Arab terrorists stormed Istanbul's main synagogue, killing more than 20 with submachine-gun fire. With the fear of terrorists still prominent, President Ronald Reagan met with Soviet Leader Mikhail Gorbachev in October for a two-day summit to discuss arms control.

Meanwhile, in New York, on October 27, the New York Met's fans cheered them to victory against the Boston Red Sox in the seventh game of the World Series. In contrast, the death of Cary Grant brought sorrow to his fans and a revival of his old movies.

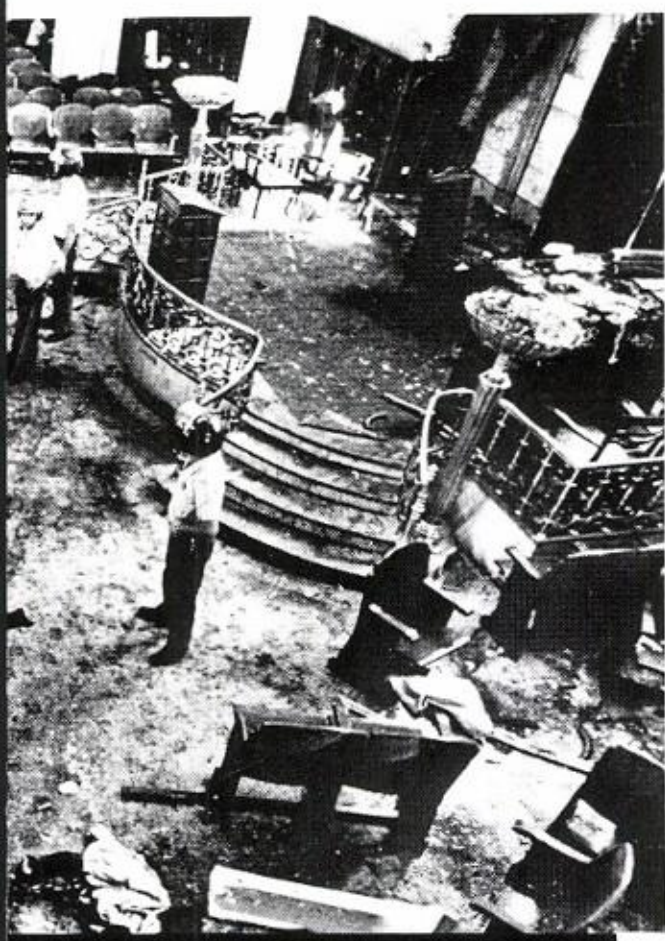

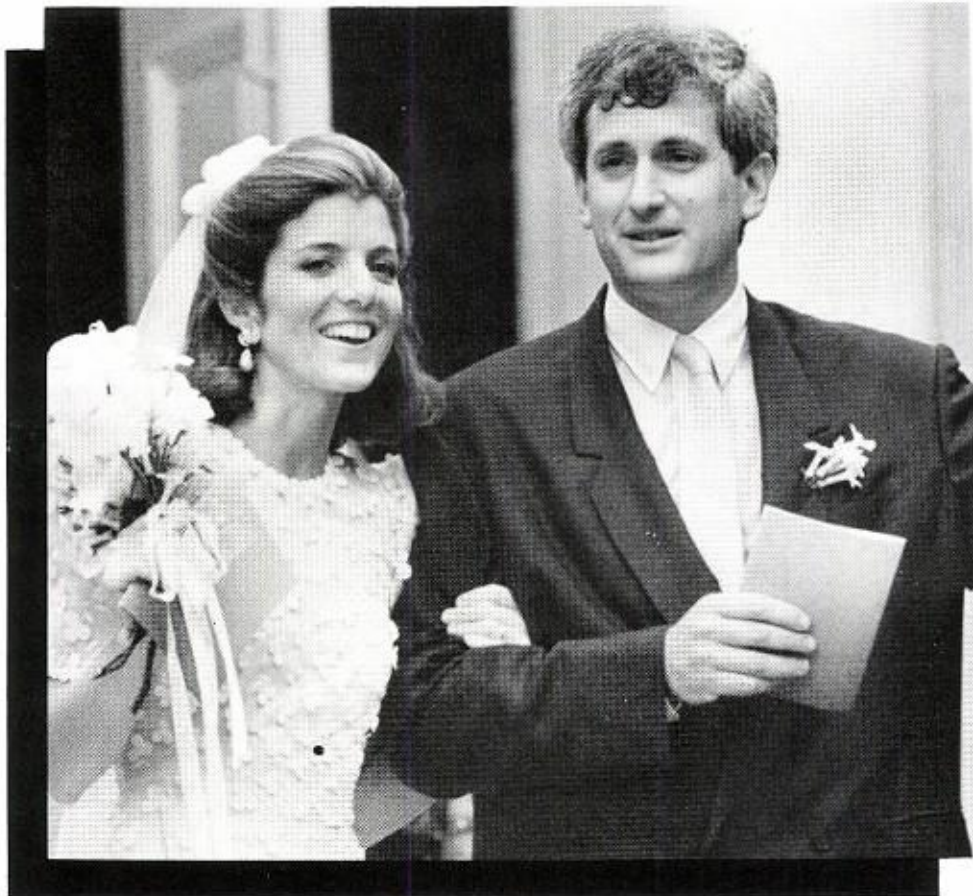

Closer to home, Texas celebrated its Sesquicentennial with pride. Republican Bill Clements beat Democrat Mark White in the election for Texas Governor on November 4. There was also a slump in the Texas economy due to falling oil prices, but despite this, Texans, along with the rest of the world, put their best foot forward in the 1987 year.

Student Council

Waxahachie High School's Student Council was composed of members dedicated to promoting good-will throughout the student body. These students were continually hard at work putting on extra-curricular activities for the school and community. Many things the council did were done without recognition. This organization put forth their best efforts and worked together doing a number of things to keep the school year fun and interesting, like Homecoming events, the Christmas canned food drive, and various dances throughout the year. The Student Council deserved a hand for doing a great job organizing student activities.

STUDENT COUNCIL MEETINGS were ably led by Reneé Smith and James Utsey.

Etchers Of Time

A yearbook is a memory book, a reference tool, and a history of the year. Putting it together involves many hours of preparation.

"We did some different things this year, but we always thought the student body would like them," said Macy Browning, editor. "We were looking for something new and original. It was scary to change the size of the book, but we felt we wanted to move more with the times. The cover design was decided upon after hours of discussion and brainstorming. One by one, all parts of the yearbook seemed to come together and compliment each other."

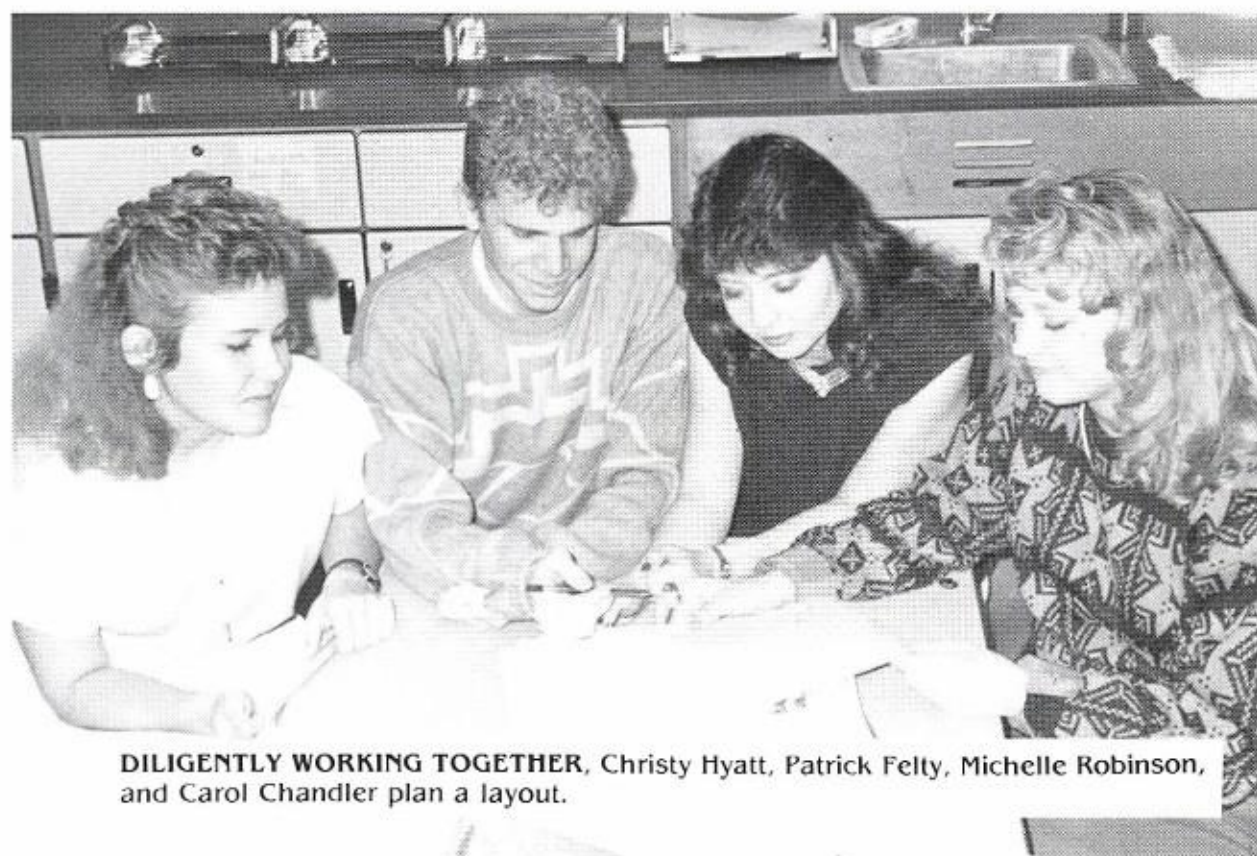

"This is a great yearbook because a lot of hard work was put into it," said Renee Smith. One person we would like to thank for her hard work is our advisor, Mrs. Debby Leake. Mrs. Leake put more work in this book than any of us put together. It was always Mrs. Leake's final decision or advice that put that special touch to a layout that was quite troublesome.

The staff had some moments of frustrations when the deadlines came and moments when we all thought we would never be able to pull the book together. But, all in all, we were one big happy family, helping each other out and working together.

The book is definitely original and has a lot of sentimental meaning behind each and every page. In the long run, any frustrations or doubts the staff went through were certainly worth it, to see the years 1986-87 "Etched in Time."

-Charla Carlat-

"Arrow" Hits Target

The Arrow was a successful venture this year for the newly formed newspaper staff. Once a month it provided the student body with up-to-date information on sports events, organization's plans, school curriculum, and current trends. Mrs. Debby Leake, the adviser, put a lot of time and effort into her new job. Editor in-Chief, Aine Malone, and Assistant/Sports Editor, Victor Monreal, were responsible for the overall make-up of the newspaper. They decided on the design and what stories went in. Advertising Editor, Linda Pope, sold ads and put them in the paper. Features Editors, Bambi Martin and Jill Chapman, wrote articles for the paper with the help of Business Manager, Laura Green and Copy Editor, Tracy Sullivan. The staff photographers, Jarrod Washington and Charla Carlat's pictures added a lot to *The Arrow*.

Staff members Deitra Crawford, Kristi James, Lainie Patterson, and Kristy Wilburn also helped with articles and the make up of the paper. The staff had a four week period in which to conduct student surveys, set up interviews, design layouts, write articles, paste pages, and print the paper. Because of *The Arrow's* success this year, its distribution will be continued. With a year of experience behind them, the staff looks forward to an even better newspaper next year.

BIG GREEN INDIAN BAND

The Waxahachie Big Green Indian Marching Band is the product of many hard-working and talented students. Their work begins the first week in August and doesn't end until late November. The band performed many on and off field victories under the leadership of directors Michael Pickett, Tom Stevens, and Steve Sauerwein, and drum majors Jacques Brown and Susan Richardson. Solos were performed by trumpet players, Steven Young, George Cole, and James Utsey. This band represents only one of the many things to be proud of at Waxahachie High School.

Bottom Row: Treasurer, Melinda Bratcher; Secretary, Cyndee Penney; Color Guard Lt., Kim McCully; Historian, Toni Brown; Manager, Kristi James. **Second Row:** Asst. STAGE BAND

Stage band is considered an elite group by all band members - the best of the best. Mr. Steven Sauerwein, new to WHS this year, quickly molded the group of separate talents into one smooth unit of music-makers.

The stage band participated in many activities, including a Christmas concert, a lunch concert at the junior high, and they played before every home basketball game.

The TCU festival, held on March 28, was a showcase for this talented group of people. They also competed in a solo and ensemble contest in February. Playing was fun for the stage band — for their audience, it was pure enjoyment!

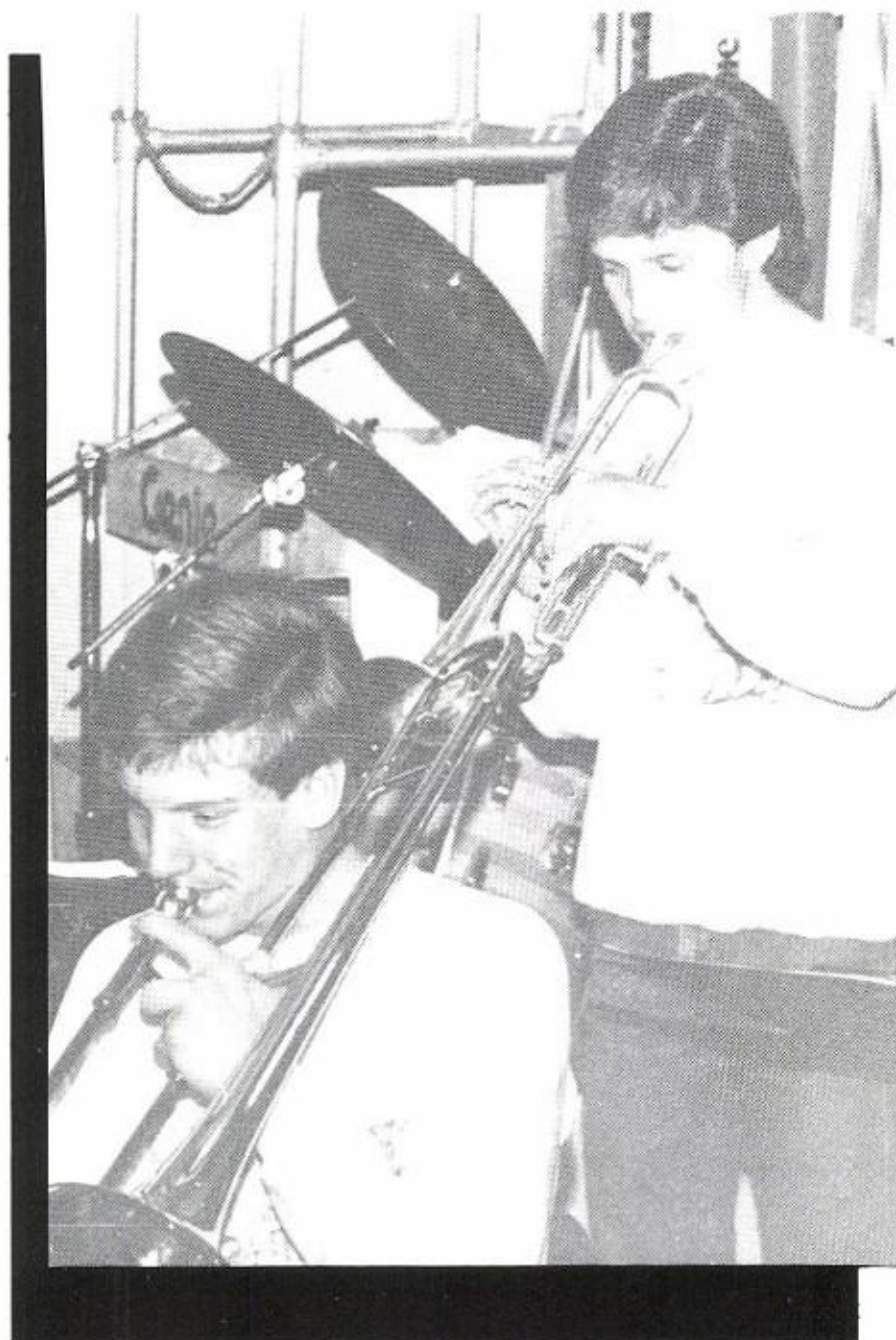

PREPARING FOR CONTESTS involved many hours of practicing. Mr. Sauerwein listens as Becca Brown and Susan Richardson play a piece.

HIDDEN BEHIND DRUMS, Dale Rice plays to a different beat.

PLAYING HIS BEST, David Averett shows his talent at a basketball game.

STRIVING FOR PERFECTION, Jacques Brown gives his all when performing.

Stepping High

The drill team is a group of dedicated and hard-working girls. Each morning, these girls were at school by 6:00 a.m. working on dance routines for our half-time enjoyment.

This year was the beginning of a new tradition. Every week, one special girl was selected by the sponsor and the officers as Charmer of the Week. Each member worked for this award and it was something they all looked forward to.

Being a Cherokee Charmer wasn't always all fun and glamour. A lot of hard work and long hours went into it. If you were to ask a charmer why she dedicated herself to so much hard work, she would say, "When you hear the applause of the audience, it makes it all worthwhile."

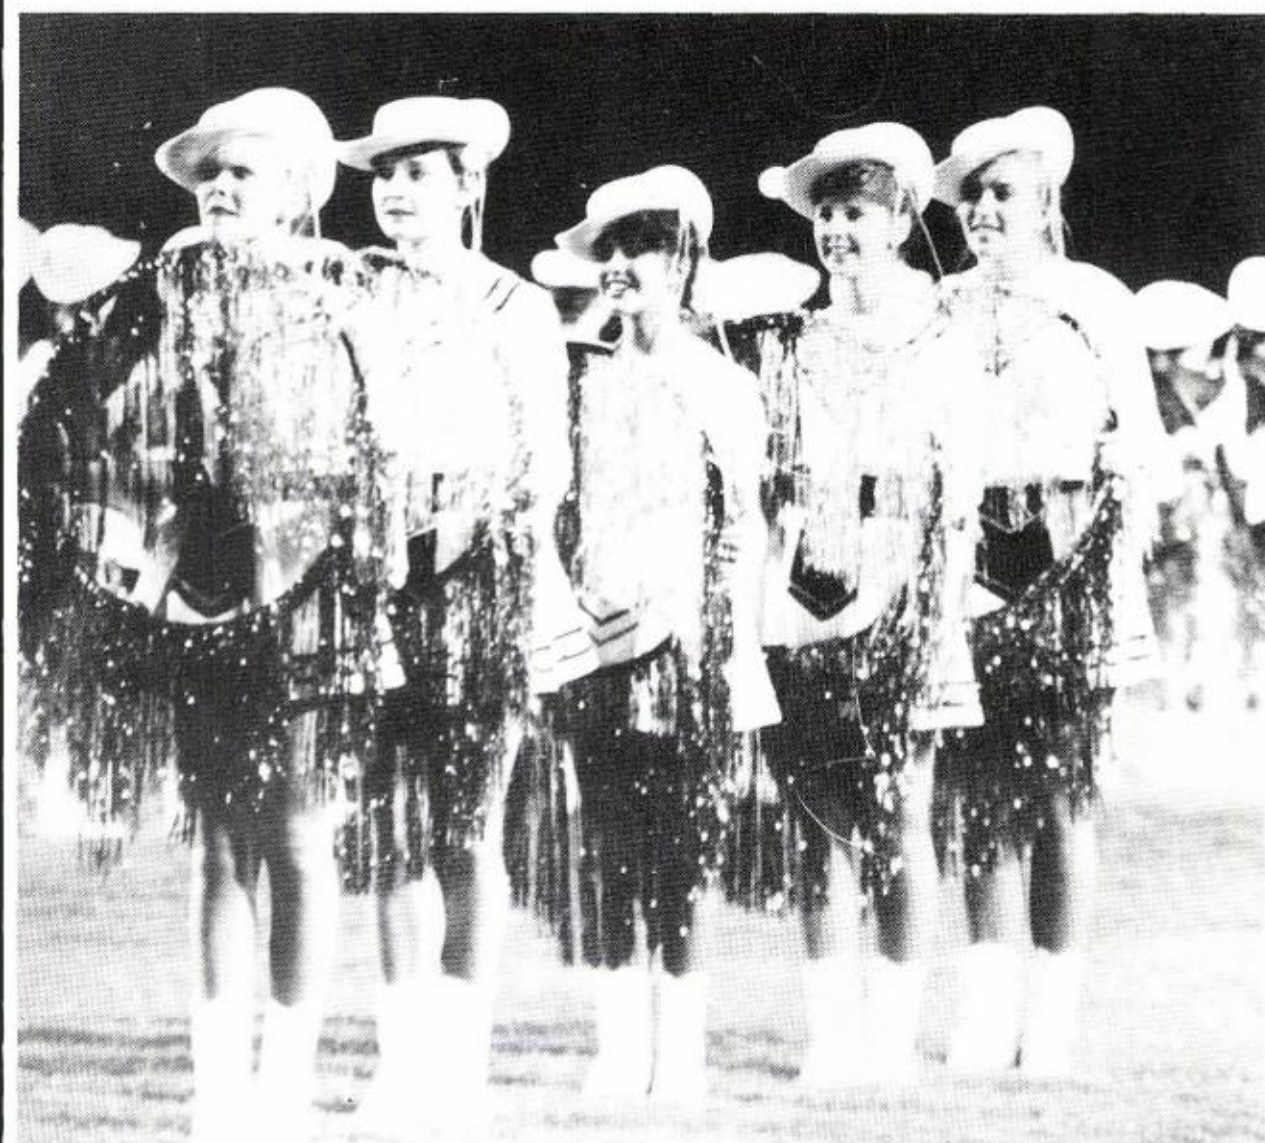

Officers: Angela Kelley-fourth lieutenant; Shannon Johnson-second lieutenant; Heather Thompson-captain; Johnna McCutchen-first lieutenant; Liz Shelley-third lieutenant.

Always A Charmer

BRINGING HALFTIME ENJOYMENT to all was something Charmers Tracy Atkins and Suzanne Todd enjoyed.

C.C. And Co.

A Step Above

Consisting of a few outstanding drill team members, this year's C.C. and Co. proved to be one of the best. C.C. and Co. stands for (as you may have guessed) Cherokee Charmers and Company. Every year before basketball season, drill team members compete for one of the fourteen spots. After auditioning and making the company, they work long hours on special routines to be performed during half-time at our basketball games.

AN EARLY PRACTICE keeps the members of C.C. and Co. up on their toes.

Officers were: Joe Hanna - vice president; Kristi McLane - president; Mike Shannon - reporter; Glenda Perryman - secretary.

Rodeo Club

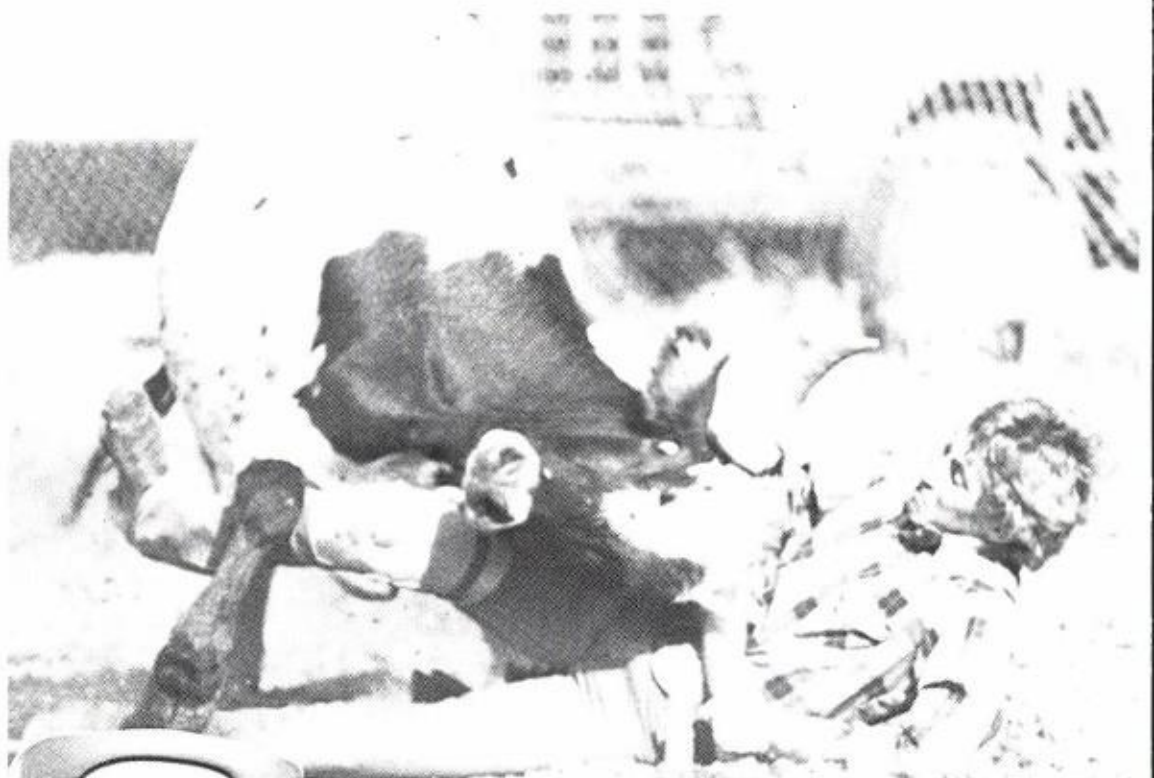

The Waxahachie High School Rodeo Club began its third year in September. The Rodeo Club traveled to Kauffman almost every weekend to show their talent. Saddles were given away for first place and belt buckles for second through sixth places. The rodeo club participated in events such as steer wrestling, calf roping, ribbon roping, team roping, chute dogging, bull riding, bareback riding, and bull-dogging.

Bring A Bible And A Friend

The Fellowship of Christian Athletes is an organization designed for students who participate in any school sport. Coaches Jim Kazmierski and Steve Westmoreland is the girls' FCA sponsor. Every Wednesday the students met at a peer's house. A Bible lesson was taught by one of the members and individual experiences were discussed. Some members of the group attended a state convention annually, along with activities such as college games. Much is benefitted from FCA and it's members share close friendships and a sense of camaraderie. "Learning to apply lessons from the Bible into our daily lives is very worthwhile time spent," said Steve Murphree.

FHA

The Future Homemakers of America was a busy organization. They participated in many activities and projects throughout the year that ranged from decorating at one of the local rest homes to traveling to Oklahoma City for an important conference. During the year the club also held many dances and attended an area meeting in Tyler and later a state meeting in San Antonio. At yet another activity the club held an Easter egg hunt with the benefits going to a needy children's organization.

Vocational Agriculture

The Future Farmers of America is an organization made up of students who are interested in such things as parliamentary procedure, carpentry, welding, public speaking, and electrical wiring. Some fun activities the organization participated in this year included an autumn hayride and a western dance. Various students in FFA were members of different leadership and judging teams. Many honors were gained and the students learned a lot. FFA is an organization that was enjoyed by many students, as well as being beneficial.

Industrial Cooperative Training

ICT

Industrial Cooperative Training (ICT) is a co-op program. The students in this class go to school part of the day and participate in a work program the other half of the day. ICT is a one hour class with a three hour credit. There are many ranges of jobs the students participate in, such as upholstery, electronic mechanics, auto body, welding, fabricating, carpentry, and air conditioning and refrigeration repair. During the one hour class, the students are engaged in the study of business-related subjects. These studies help them to learn more about manufacturing, industry, banking, insurance, and human relations.

DECA

Diligent Workers

The vocational class DECA, taught by Mrs. Cindy Eschenburg, was designed to teach students advertising and selling techniques and how to be a good employee. This class also taught the students the importance of good business practices. They designated an employer and an employee of the month during the year. At the end of the year, DECA held a banquet. At this time, they recognized the salesperson of the year. In February, DECA went to local competition and to state competition in March. The main objective of DECA was to learn how to be a good business person.

HERO

HECE stands for Home Economics Cooperation Education. The students in this class work and go to school. They work in jobs related to one of five fields: Fashion Merchandising, Child Care and Guidance, Food Service and Management, Institutional Management, Housing and Home Furnishings. As HECE stu-

dents, they are also members of FHA/HERO. This is the largest high school student organization in the United States. It is an organization which provides leadership training. It helps youth assume their roles in society in areas of personal growth, family life, vocational preparation, and community involvement. Students participate

in educational and service projects on the local, regional, state, and on national level. They also participate in regional, state and national leadership conferences. This year ten students traveled to Oklahoma City to a National Cluster Meeting. Others will attend conferences in Tyler and San Antonio.

Vocational Electronics

This class is for students interested in going into the field of electronics. Taught by Mr. Ron Shumate, this two-year class is for both males and females in tenth through twelfth grades. Using updated equipment, the students learn to build and design circuits, and to do repairs. This year the class went to a competition held in Waco where they entered various projects they had made.

Tony Wooten, Mr. Ron Shumate, Rodney Fuher, Kenneth Webb, Pedro Torrez, Nathan Champion.

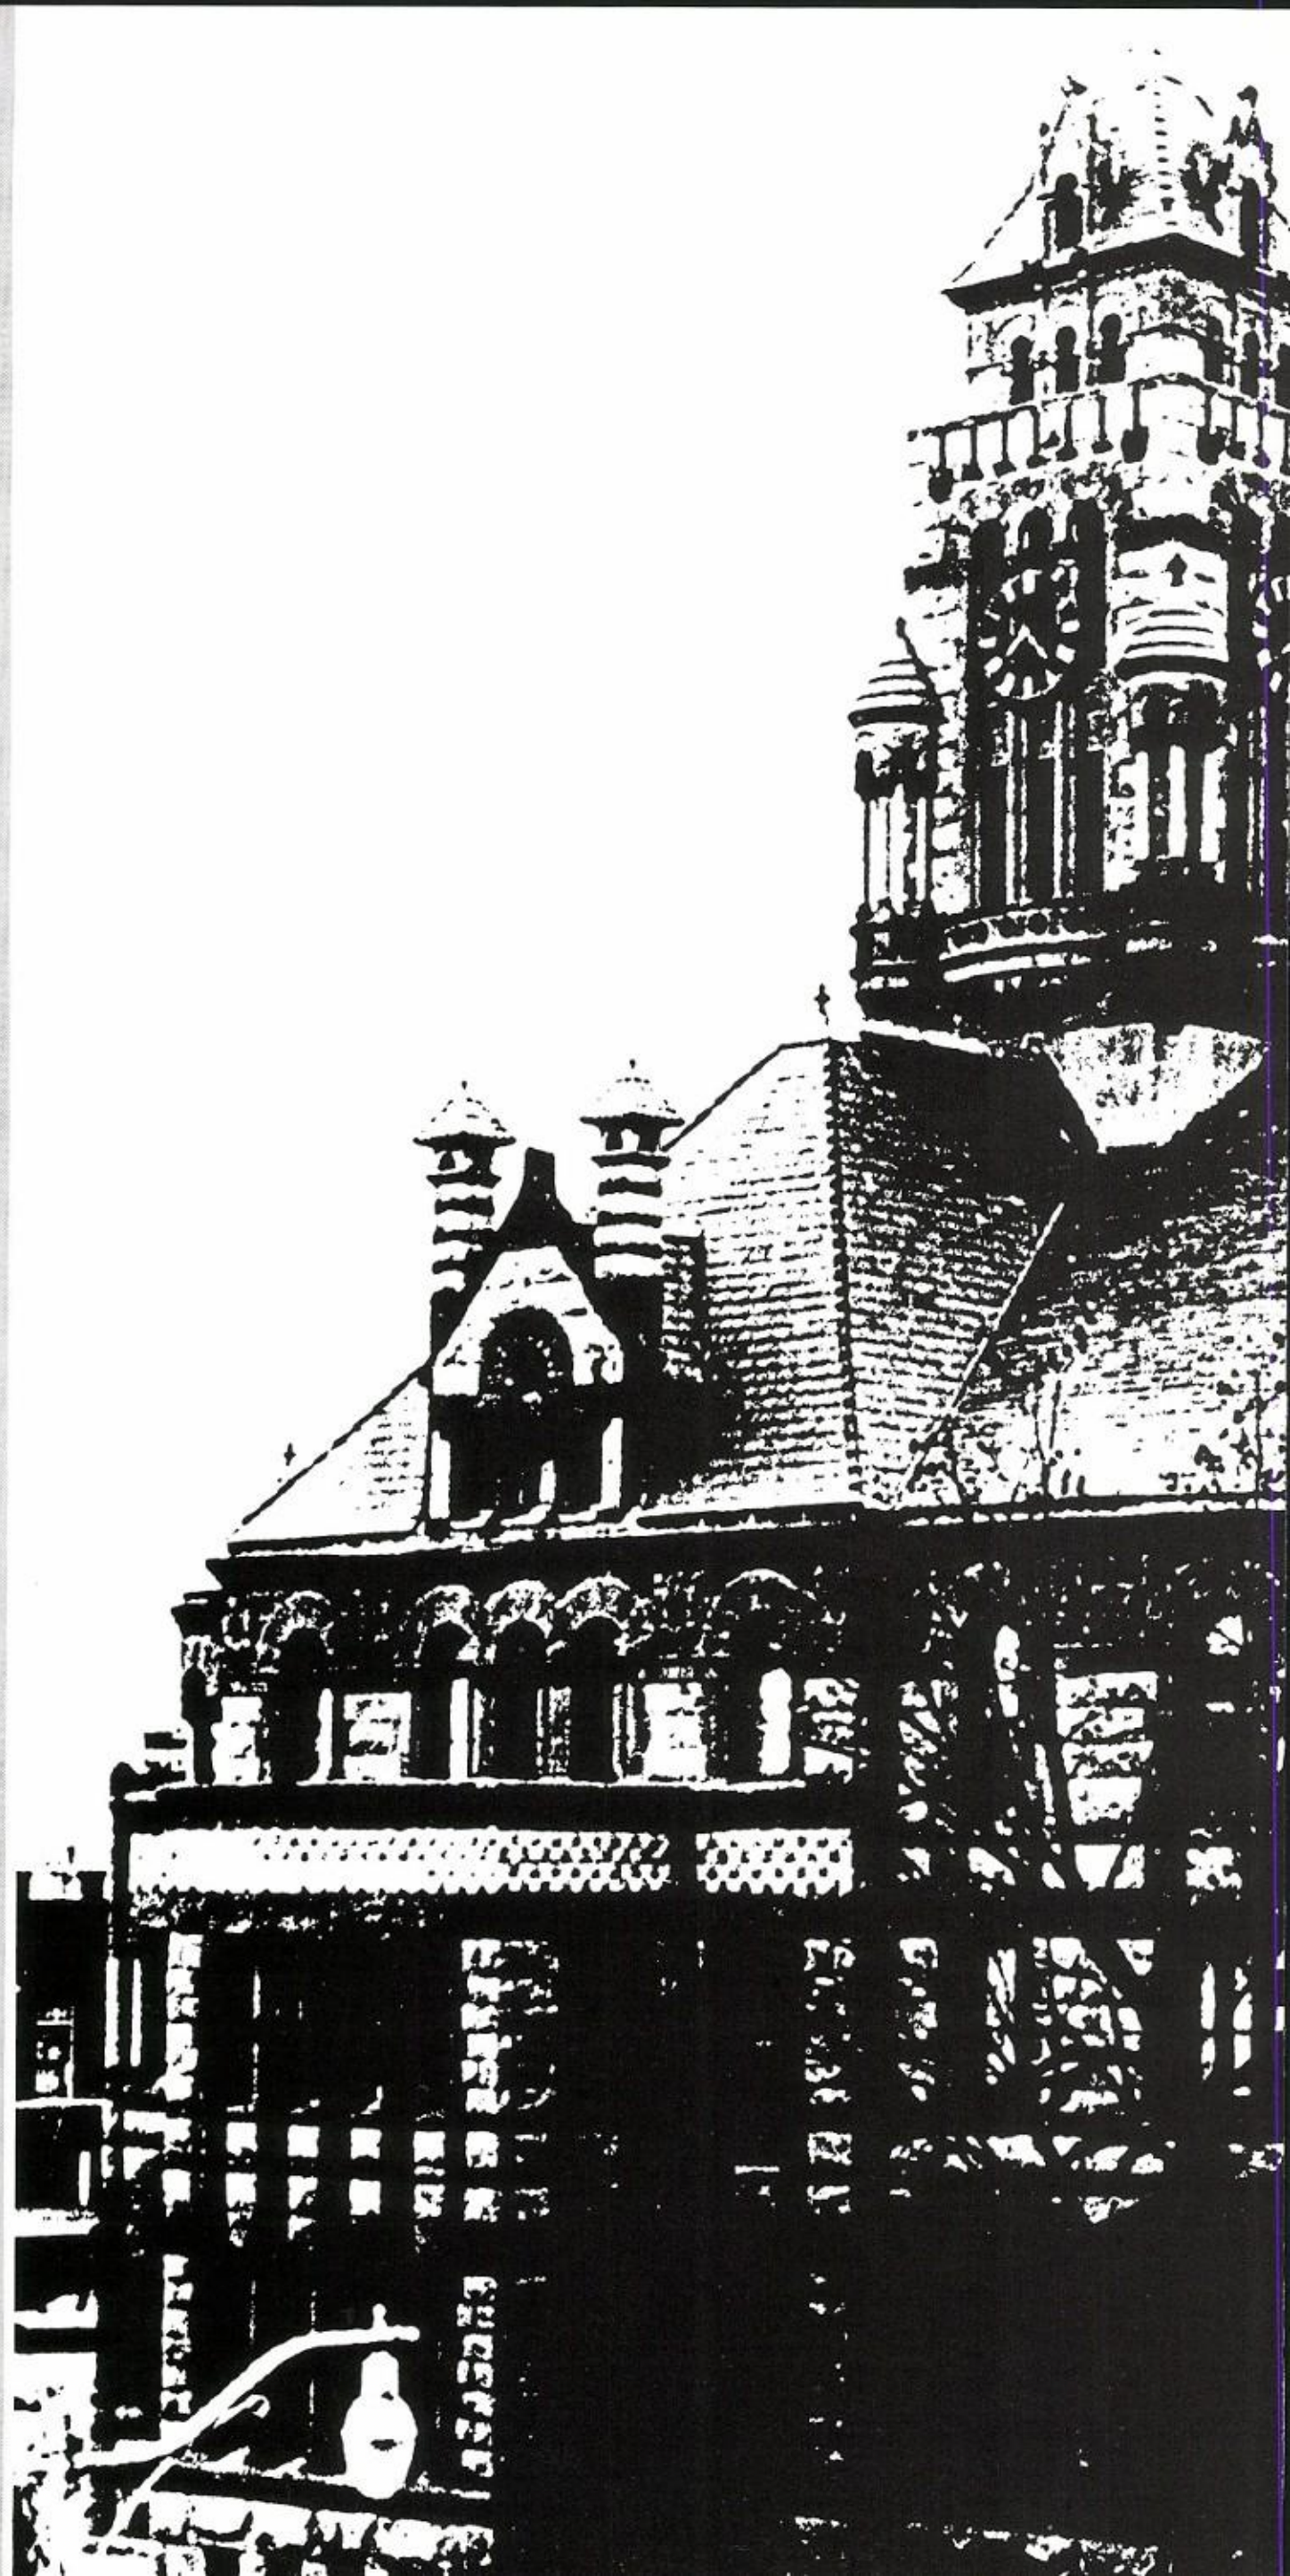

Auto Mechanics

The Auto Mechanic Technology class prepares a student for employment in the automotive industry. The course also provides knowledge and skills that are absolutely necessary for advancement in that occupation. The class is taught by Mr. John Baker. He teaches the basic understanding of various areas of mechanical technology. This year the class went on field trips, entered in competition and worked on various passenger cars brought in by people from our area.

Risky Business

Action packed adventure can be found in the drainage ditch on I-35, where several Waxahachie High School students, such as Chris Bearden and Jarrett Hinds, spend their leisure time skateboarding. "The Bowl," fixed up almost like home, serves as an excellent spot for super stunts. These stunts include the "olie," (a 90° inverted turn by skateboard and rider), the "bonus," and the "hand plant." Jarrett Hinds shows his example of a "jump" while Chris Bearden, above, skates on his hands. Skateboarding as shown here can be an exciting, but dangerous sport.

Sitting Pretty

Angie Havard has competed in many pageants. Last November she entered in the preliminary **Our Diamond Miss** competition. She won the title of "Glamour Girl", and also won the beauty and talent divisions. For her talent Angie did a jazz dance, although she sometimes sings at the competitions. This summer she will be going to the statewide competition. If she wins, she will graduate to the national level, where the girls will be competing for a scholarship award. Good luck, Angie!

Senior Earns Honor

Bambi Martin, a senior at WHS, was selected to attend the American Legion Auxiliary's Bluebonnet Girls' State Meeting, held June 17-27. She was sponsored by the local chapter of the Junior Service League.

The Bluebonnet Girls' State meeting, which was held at Texas Lutheran College in Seguin, allowed the students to participate in state, local and national politics. They formed their own legislature and chose their own governor and representatives, who then acted as a legislative body.

"We learned by participating," stated Martin. "It was a once in a lifetime experience. I hope that the Junior Service League will continue sending students."

CARLISLE CHEVROLET-JEEP

Stephen,
Well we finally made it out of high school. Can you believe it? I can't, it hasn't hit me yet. We have been through a lot together. I am glad we are good friends. I will always remember the good times. You have helped me grow so much since we started seeing each other. You were always there to lend a shoulder for me to cry on & always there to give me a loving smile and hug. I thank you for always being there for me. I love you for that. You have helped me more than you will ever know.

Love You and Care about ~~you~~ you very deeply. & please don't forget about me because I will never forget you. You are the only guy who sees me for what I am, not for what you want me to be. I want you to know that I am not giving up on you, because I really do love you. Maybe there is some chance

Tobin and Amy
completed the ads
section of the an-
nual this year.

Though a basically unno-
ticed section of the annual,
the ads are very important.
They account for 25% of the
money raised to sponsor
the book. A good annual
can cost anywhere from
twenty to thirty thousand
dollars to publish and de-
sign. This year, feature sto-
ries have been inserted with-
in the ads section, in hopes
of breaking up the mono-
tony of the pages. Many
thanks to all the businesses
who supported the year-
book this year.

"OVER THE HILL" was the theme for Principal Mike Turner's 40th birthday, as he celebrated with a cake from the staff.

CHEERING THE INDIANS, freshman football player Todd Alexander participates at the Homecoming pep rally.

A FINAL FAREWELL was said by seniors Tracy Sullivan, Jill Chapman, Laura Green and Bambi Martin to WHS.

BRAVING THE COLD, these Hatchie fans cheered the football team to another win.

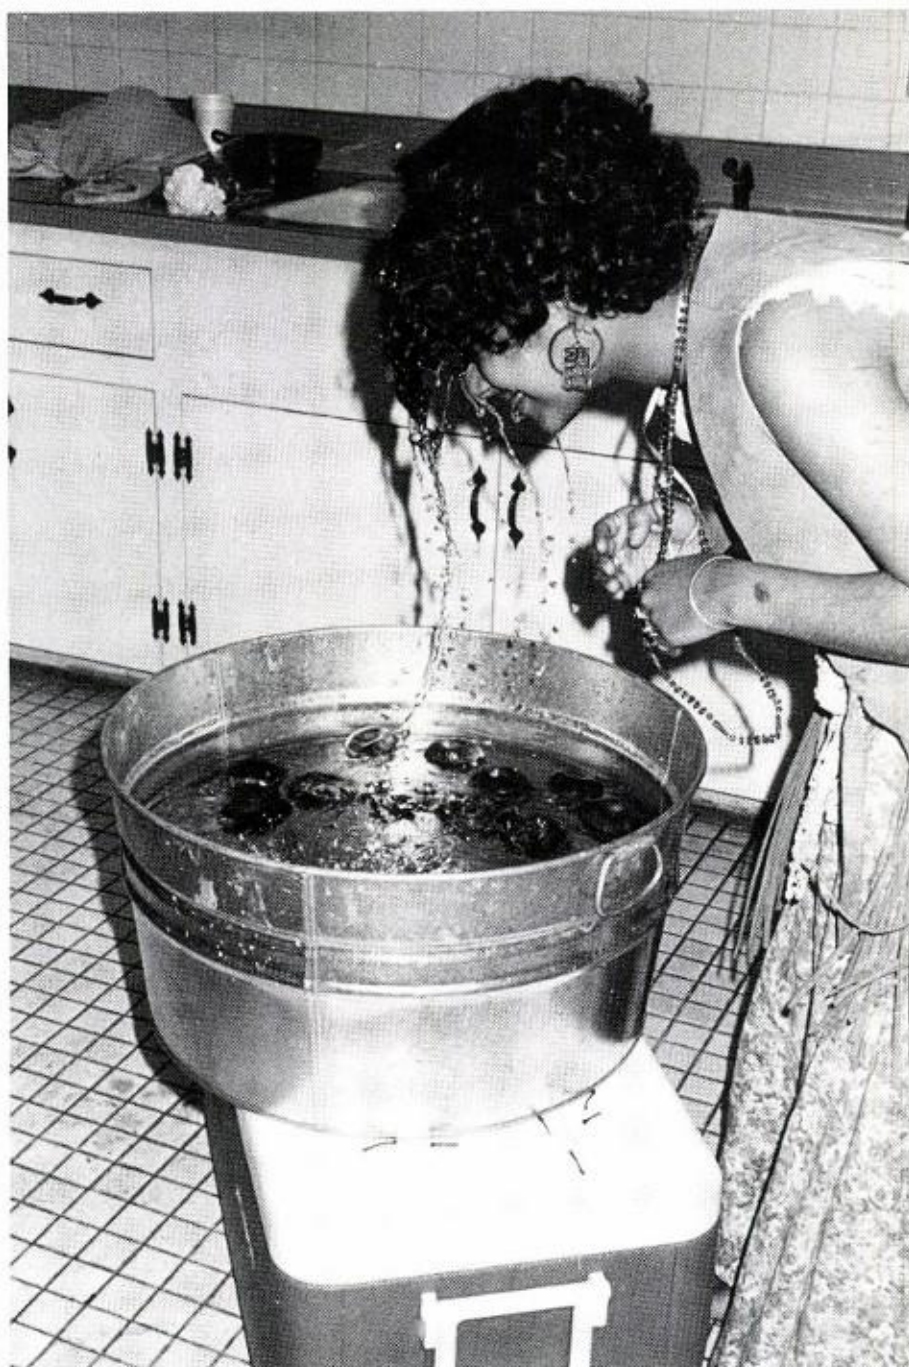

SHARING A LAUGH were Cherokee Charmers, Nicole Kinchen, Leslie Clymore and Wendy Forbes.

A SPECIAL TIME for senior Bernita Harris and her father, teacher Ted Harris, was the 1986-87 Homecoming ceremony.

TOPPING IT OFF with a unique assortment of hats, friends Jill Martin, Bonnie and Angela Ramsey, Julie Lamp, Charla Carlat, and Macy Browning spend time together being candid.

A WINNING GRIN can be found on the face of junior Lavonne Cooks.

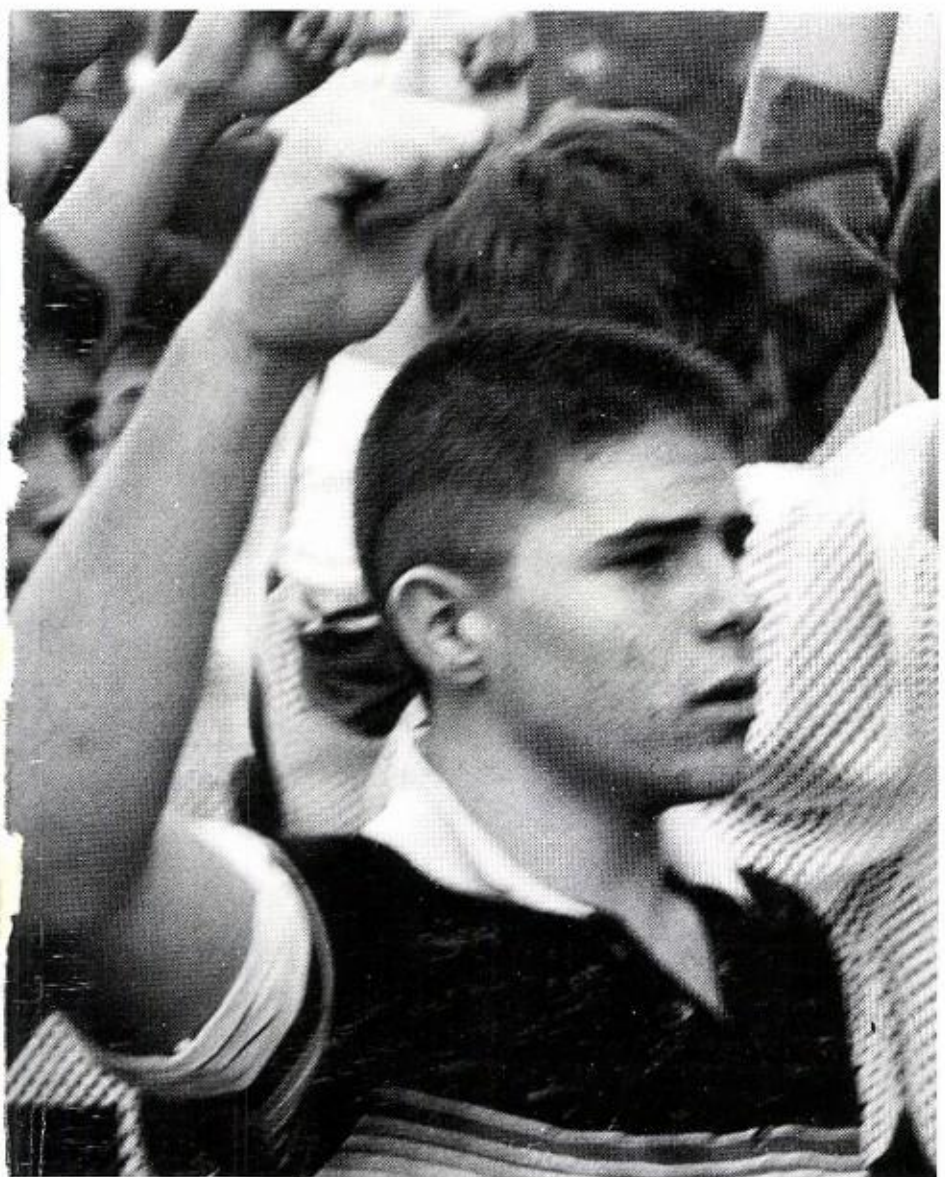

BOBBING FOR APPLES was part of the fun for Claudia Cantu at a French Club party.

THE CHRISTMAS SPIRIT was enhanced as the Student Council helped needy families in Waxahachie.

AN OVERWHELMING ABUNDANCE of loyalty overflows as the school song was played at the senior class's last pep rally.

FLAMES OF PRIDE rise high into the dark night as the Homecoming bonfire burned brightly.

THUMBS UP INDIANS is the sign of school support, as shown here by freshman Brent Baker.

Etched in Time is Waxahachie High School's 38th yearbook. The 70 copies of THE CHIEF '87 were printed by Josten's Printing and Publishing Company in Topeka, Kansas. THE CHIEF staff chose the following specifications for their book: the custom art cover is white with applications of Irish Green 282 and Gold Foil 380; opening pages were done in Tempo 349 Forest Green for spot color, with six pages of process color and endsheets in Irish Green 282; all interior pages are 80 lb. gloss; copy is set in Benguiat Bold #47 with body copy set in 10 point, caption copy in 8 point, and headlines varied in size from 18 point to 48 point.

I would personally like to thank the following people for their help and support throughout the year: Mr. Mike Turner, Mr. Ron Appleton, and Mr. Bill Travis, for their patience and understanding of all our problems; Mr. Bob Foltz of Provine Studios for photography; Mr. Scott Dorsett and the Daily Light for bailing us out at deadlines with photographs; Mr. Hubert Davis, for considering all our photo requests "top priority"; One-Hour Photos for color photographs; Mr. Raul

Alcantar, our plant consultant, and Mrs. Susi Berta, our Josten representative, for their advice and encouragement.

My most sincere and undying thanks go to the most wonderful adviser and friend anyone could ask for. Mrs. Leake, you deserve the best because you are the best. Thanks for your support, understanding and most of all your patience. I hope your nerves aren't totally shot!

Secondly, I want to thank my dedicated staff. Without your interest and hard work, there would be no book. I love all of you and I greatly appreciate your contributions.

I would like to close by saying thank you to the student body and to the faculty for your input and your patience. I hope that this yearbook will mean as much to you as it does to us. I also hope that for each of you, the memories of 1986-87 will always be "Etched in Time."

Stephen,

So a wonderful guy that I love and care a lot about. You've always been beside me, through the good and bad, thanks so much for that. We've been through so much together (good + bad) and we're still together. Sometimes I don't see how you put up with me, but you do. Stephen you made my fresh and soph. years great they couldn't have been any better. Stephen when you go off at college, don't ever forget me. I won't forget you. We can have just as good a relationship ^{while} ~~here~~ ~~you~~ at college as we could if you were here, remember that. I want to let you know that if you ever need to talk, I hope you call me, no matter what it's about I'm here to listen. Don't forget all the good times we've had, (I won't) and let's make so more! Stephen you're a great guy and you have a lot going for you don't, ever change! I also want to say that I'm very sorry for making the ski trip so bad. Maybe some day Angie + I will be friends again. Sorry I caused so much trouble! Stephen if we work together, I think we can stay together for a long time, but if and when we do break-up promise me one thing "let's always be friends!" As strong of a relationship as we have I think we can do that. Good luck over the summer. And don't forget come home every weekend! Also don't forget, I love you.

Rhonda

Stephen!

Love you Always
Rhonda O. '89

It's been a great year,
About time it ended!
Mr. Nunns Class was fun.
But now it will only
be better, were not High
School boys" any more were
"College Men" Don't forget it
And Don't go back
Dale FG

Steven, Well we finally
finished. Now we can
start college. Hope we can
be roommates at ~~University~~
Stay cool + don't knock
my books out of my hands
anymore.

Norm

Steve,
It's PARTY TIME
& I'm glad I GOT
TO KNOW YOU THIS
YEAR.

Bryan Jackson

Stephen,
It has been a
great year. I hope
you have a great life.
Good luck in the future.
Love,
Diane Valentine

Steven,
What can I say!
We've been through
so much in 4 years
it's hard to start. I'd
like to thank you for
being there in times
that I needed help. I'll
never forget the great
times we had together.
Hope we can always
be friends. Stay out of
trouble.
Steve

Stephen,
me too! This
year has really been
fun. She's trip was
really fun. I'm really
glad we've gotten so much closer
this year. Your friendship means
a lot to me. Let's always stay close.
I'll miss you. Watch out, I may be
callin' you next year when I need someone to
talk to! Please let's keep in touch!

Love Ya!
Gracy Sullivan

(Remember 7th grade?
who'd of ever thought
we'd ever be this close?)
